General Information

STETSON UNIVERSITY is in DeLand, Florida, a residential city of 9,000. It is one hundred miles south of Jacksonville and twenty miles west of Daytona Beach, in the semi-tropical belt of the state characterized by citrus and diversified farming and cattle raising. The St. Johns River is nearby and the resort areas of the east coast and the central lake sections are readily accessible. The mild climate of this portion of Florida combines a warm winter with a relatively less humid summer than characterizes the tropical area of the state.

From its founding Stetson has maintained a faculty dedicated to Christian scholarship. It is the Baptist University of Florida. It endeavors to transmit to its students a knowledge of the Christian religion and to help them understand that faith and its ethical implications. The University endeavors to lead students to commit themselves to Christian values and to express them in campus life.

HISTORY

Stetson was founded in 1883 and became a college in 1885. Known first as DeLand Academy, after the principal founder of the town, Henry A. DeLand, its name was changed to Stetson University in 1889 in honor of the well-known hat manufacturer who gave generously of his time and means. From 1898 to 1910, Stetson was affiliated with the University of Chicago in a unique student exchange plan. The College of Law was organized in 1900, the first law school in Florida. During the first decade of the twentieth century Stetson was the only college or university of fifty or more students in the Southeast that required sixteen Carnegie units for admission and four years' work for the A.B. degree. Graduate work leading to the Master of Arts degree has been given since early in the century. The School of Music, long a department of the College of Liberal Arts, became a coordinate college of the University in 1936. The School of Business was organized in 1940. Popularly known as Stetson University, the legal name of the corporation is John B. Stetson University.

PURPOSE

The University works to equip its students to take their places in American society. Stetson men and women are urged, in the light of Christian faith, to value the spiritual and moral above the materialistic, to cherish personal integrity, and to seek further truth with reverence. They examine the heritage of the past in order to understand that a truly free society consists of free individuals aware of their responsibilities. The University holds that these beliefs under-

lay the founding of this nation and that its survival in the atomic age demands their reaffirmation. It is the goal of the University to aid each man and woman to achieve full realization of his capacities and full awareness of his obligations.

To this end the University provides a program of general education, a variety of specialized studies, opportunities for physical and social activity, and a generous selection of lecturers, artists, and special events. Members of the faculty serve as advisers, as students make their choices of the University offerings.

To assist students and their advisers, the University maintains a guidance program of counseling and testing. The Dean of Women and the Dean of Men give their time to student welfare. Administrative officers and faculty members are always available for consultation. The University wishes to be a community the members of which share in the search for knowledge and the process of Christian self-discovery.

ACCREDITATION AND RECOGNITION

The primary accreditation of American colleges and universities is that of the regional accrediting body. For the South this is the Southern Association of Colleges and Secondary Schools. Stetson is fully accredited by the Southern Association. It also holds membership in the Association of American Colleges. The College of Law is accredited by the American Bar Association and is a member of the Association of American Law Schools. The School of Music is a fully accredited member of the National Association of Schools of Music.

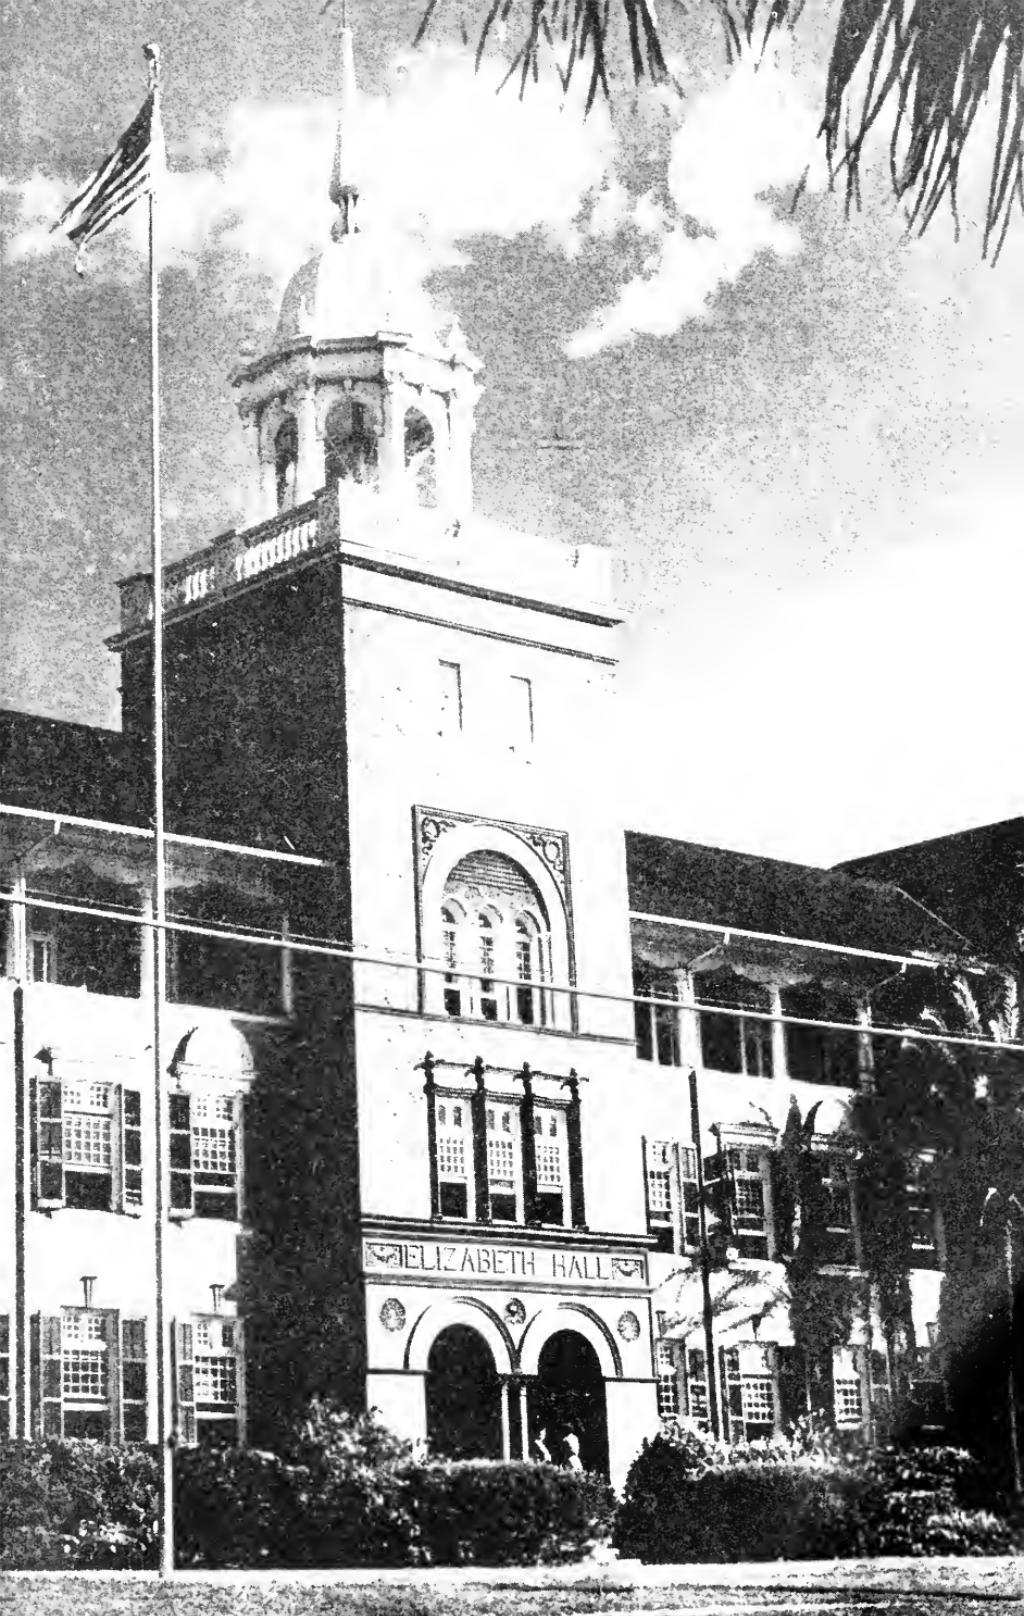

Stetson University is approved by the American Association of University Women.

THE SEVERAL COLLEGES

THE COLLEGE OF LIBERAL ARTS is the oldest and largest of the four colleges comprising the University. It offers work leading to the degrees Bachelor of Arts and Bachelor of Science, the requirements for which are on pp. 26-27; and to the degrees Master of Arts and Master of Science, described on pp. 38-39.

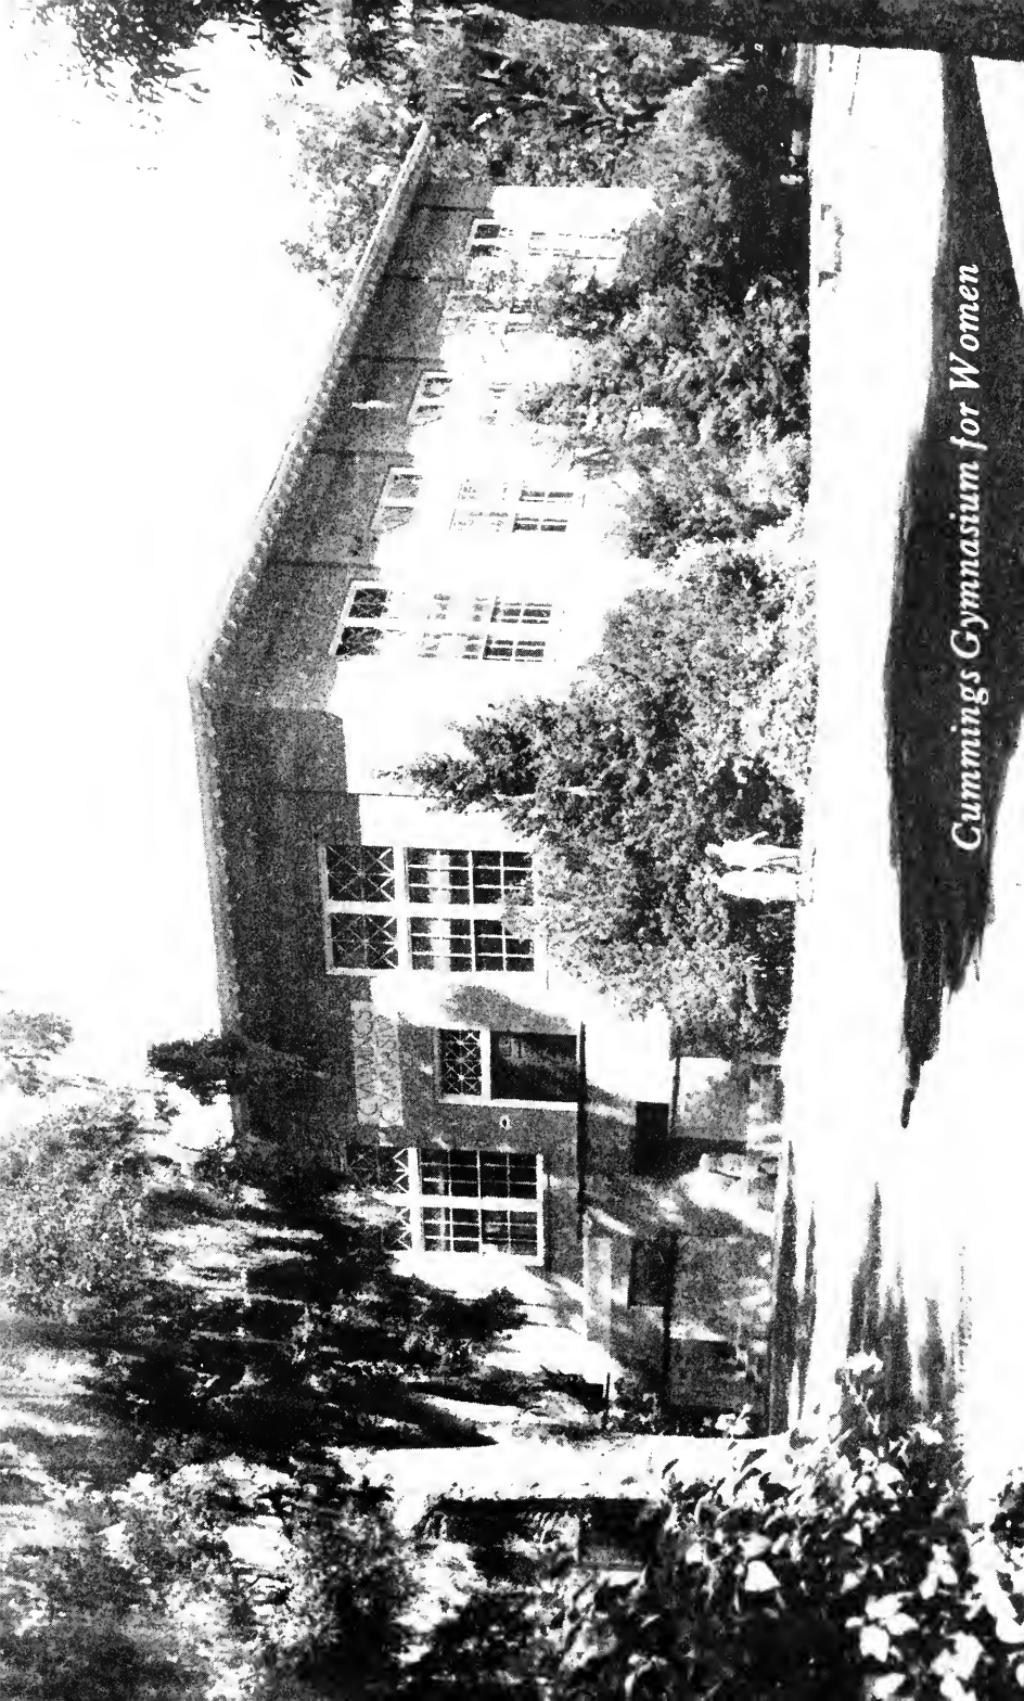

THE COLLEGE OF LAW is the oldest law school in Florida. It offers a three-year course leading to the degree Bachelor of Laws; detailed information will be found on pp. 77ff.

THE SCHOOL OF MUSIC provides courses leading to the degree Bachelor of Music. Students may major in music for the Bachelor of Arts degree. Training is offered for the musical professions, for directors of church music, and for church organists. Courses are available to those not majoring in music. Information may be found on pp. 86ff and from the Dean of the School.

THE SCHOOL OF BUSINESS offers courses leading to the degree Bachelor of Science in Business Administration. Students may major in business administration, accounting, secretarial science, or business education. The Cooperative Program provides an unusual work-study program whereby the student learns both in college and on the job. A Certificate in Secretarial Science is granted for two years work in the secretarial curriculum. For details see pp. 104-114.

BUILDINGS AND CAMPUS

The principal campus of Stetson University comprises forty-three acres within easy walking distance of the center of DeLand. Some twenty-four buildings house its varied activities. Administrative offices are in Elizabeth Hall, which is the largest classroom building and contains the principal auditorium. The physical sciences are housed in Flagler Science Hall, the School of Music in DeLand Hall and annex, dramatic activities in the Stover Little Theatre, and the art department in Holmes Hall. The School of Business has its own building. Allen Hall, dedicated in 1950 as the student religious center, provides facilities for recreation, worship, and conference, as well as offices for all student religious workers. The Monroe Heath Museum, in Science Hall, exhibits examples of Florida plant and animal life together with certain arts and crafts of North American Indians. The William E. Holler Memorial Fountain, with its display of colored light, beautifies the quadrangle between Elizabeth Hall, the Library, and Holmes Hall. There are gymnasiums for men and for women, several playing fields, dormitories, and refreshment and recreational facilities. Food service is provided at the University Commons under the direction of a trained dietitian. A second campus of seventy-five acres is located at the former DeLand Naval Air Station, three miles from downtown; the College of Law and the Reserve Officers Training Corps are located there.

THE LIBRARIES

The several libraries of the University house approximately 157,000 catalogued items. The principal collection is that of the Carnegie-Sampson Library, the building for which was erected in 1909 with the assistance of a Carnegie grant. At that time a maintenance fund was established by Elizabeth, Countess of Santa Eulalia. When a new wing was added in 1929 it was named for Mr. C. T. Sampson, an early and generous friend of the Library. This, the University Library, has some 45,000 books, 12,800 bound periodicals, and 83,000 government documents, the last comprising the accumulations of the first document depository in Florida. The Library of the College of Law comprises approximately 18,500 bound volumes. A collection of musical scores and recordings is maintained by the School of Music.

The University Library is the official depository for Florida Baptist archives and possesses a growing collection of significant Florida and Southern Baptist records. This collection, housed in its own room, has been recently enriched by the acquisition of a large number of microfilm copies of sixteenth and seventeenth century Baptist documents.

HEALTH SERVICE

The University physician keeps daily office hours at the Infirmary which is under the supervision of a registered nurse. The newly completed Fish Memorial Hospital in DeLand, considered a model fifty-bed hospital, provides excellent service. Parents are notified by the Deans of Women and Men of serious illness or emergency. An annual medical examination is given all students under the supervision of the University physician. The University reserves the right to cancel the registration of any student whose health record fails to meet the standards set by the University physician.

ORGANIZED RELIGIOUS LIFE

It is the purpose of Stetson University to realize in the curriculum and the classroom the implications of its motto, *For God and Truth*. Every endeavor is made to translate Christian principle into campus life and activity. Chapel services for all students are held regularly. Students are urged to attend Sunday School and church services. Vespers, planned and directed by students, are held several evenings a week. Religious organizations endeavor to increase the churchmanship of the student body. Allen Hall serves as the center of the campus religious activity program. The Director of Religious Activities coordinates the interests represented by the several organized religious groups described in the next section.

STUDENT ORGANIZATIONS

THE STUDENT GOVERNMENT ASSOCIATION is comprised of all students. Its object is to represent and further the best interests of the student body and of Stetson University, to coordinate the various student organizations, and to cooperate with the University authorities for the common good of the institution. Under the Student Government Association each College and School of the University has its separate organization.

THE WOMEN'S STUDENT GOVERNMENT ASSOCIATION is composed of all resident women of the University. The purpose of the Association is self-government.

* * *

THE HONOR is an organization to aid in the development of all-around young women, to encourage scholarship, to recognize individual abilities, and to promote leadership.

THE MYSTIC KREWE is a leadership fraternity for men. Its purpose is to recognize by election to its membership those men whose abilities are outstanding, and to channel those abilities for the best interests of the campus.

THE ORDER OF THE SCROLL AND KEY recognizes and encourages high scholarship and leadership. Members are chosen from the highest five per cent of the junior and senior classes.

THE PHI SOCIETY is sponsored by members of Phi Beta Kappa. It gives recognition for scholarly work in liberal arts.

* * *

THE BAPTIST STUDENT UNION coordinates the campus activities of the denomination, serving as a link between the local Baptist churches and their students at Stetson.

THE CANTERBURY CLUB is an organization of Episcopal students which works closely with that denomination.

THE MINISTERIAL ASSOCIATION is composed of men studying for the Christian ministry. An effort is made to enlist each member in a place of service—preaching, teaching in Sunday School, or conducting study courses. In conjunction with the Florida Baptist Convention the Association holds an annual orientation for ministerial students.

THE STUDENT CHRISTIAN ASSOCIATION is composed of representatives of the Baptist Student Union, the Westminster Fellowship, the Canterbury Club, and the Wesley Foundation. It serves as a clearing house for the varied interests of these groups and provides a vehicle for cooperative action.

THE WESLEY FOUNDATION coordinates the interests of Methodist students.

THE WESTMINSTER FELLOWSHIP provides an organization for Presbyterian students.

THE YOUNG WOMEN'S AUXILIARY endeavors to promote a consciousness of the world-wide missionary enterprise.

* * *

THE MUSIC SCHOOL ASSOCIATION is composed of the students of the School of Music.

THE STETSON BAND furnishes suitable combinations for University functions. The Hatter Marching Band appears at football games and in various parades. The Pep Band, a small unit, plays for rallies and student meetings. The Concert Band is a selected instrumentation that appears in concert locally and in other cities. The Sight-reading Band meets every Monday evening and is open to those who wish to play for fun; it includes some faculty members, townspeople, and students who are not in the other bands. This group is led by

music majors. All band activities are promoted by Tau Beta Sigma and Kappa Kappa Psi.

THE STETSON GLEE CLUBS, one for women and one for men, operate as separate units, and combine to form the University Chorus. The Glee Clubs appear in concert at the University and in many cities throughout the South. The Chorus appears in concert at Christmas, in the spring, and at Commencement. The Radio Chorus of picked voices appears in concert throughout the region.

THE GUILD STUDENT GROUP of the American Guild of Organists affiliates students studying organ or sacred music toward the goal of raising the standards of organists and choir masters, and generally advancing the cause of worthy church music.

THE STETSON OPERA WORKSHOP is open to students upon audition. It is for the study of opera through participation in the presentation of selected scenes. Operas studied in 1952-53 included *Marriage of Figaro*, *Martha* (Flotow), *Faust* (Gounod), *La Bohème* (Puccini), *Elijah* (Mendelssohn); complete chamber operas produced: *Riders to the Sea* (Williams), *Don't We All* (Phillips).

THE STETSON SYMPHONY ORCHESTRA provides opportunity for orchestral experience as player, soloist, and conductor. Readings and performances of student compositions and arrangements are heard. Various University and out-of-town concerts are given from the repertory of standard overtures, symphonies, concertos, classical and modern works. The Orchestra also joins the Glee Clubs for oratorio and opera presentations.

KAPPA KAPPA PSI is a national honorary band fraternity promoting the interests of college bandsmen and fostering good band music.

PHI BETA is for young women who are outstanding in music. It is a national fraternity striving for professional achievement in music, high ideals in womanhood, and scholarship.

TAU BETA SIGMA is a national honorary fraternity for women who are outstanding in the band.

* * *

THE ADELPHOS SOCIETY is sponsored by St. John's Lodge No. 37, Free and Accepted Masons. It endeavors to create a closer relationship between faculty and students, to foster Masonic principles and fellowship, and to act as a service organization.

BETA BETA BETA is a national honorary biology organization. Its purposes are to increase interest in biology, to stimulate sound scholarship, and to encourage biological research.

THE COMMERCE CLUB is an organization of students in the School of Business who are interested in developing a better understanding of the principles and problems of business.

DER DEUTSCHE VEREIN is an honorary organization, the members of which are selected from students in advanced German classes and superior freshmen and sophomores. Its purpose is to foster an interest in the language, the customs, and the literature of Germany.

THE FUTURE TEACHERS OF AMERICA is sponsored by the Division of Education. It seeks to acquaint teachers with the problems of their profession, to develop contacts, and to foster the interests of teaching.

GAMMA SIGMA EPSILON is a national honorary chemistry fraternity, the object of which is to increase interest and scholarship in chemistry.

THE INTERNATIONAL RELATIONS CLUB endeavors to stimulate a greater interest in and a better understanding of international affairs.

KAPPA DELTA PI is a national honorary education fraternity to encourage scholarly achievement and the pursuit of worthy educational ideals.

KAPPA PI is an honorary organization to increase interest in art and appreciation of beauty.

LA FRANCIADE is an honorary organization of students from advanced French courses and superior students in the intermediate courses to foster an extra-curricular interest in the language, the customs, and the literature of France.

PHI ALPHA THETA is an honorary fraternity to encourage the study of history. It offers a prize to the outstanding history student graduating at the June Commencement.

THE PHYSICAL EDUCATION MAJORS CLUB is a coeducational group majoring or minoring in physical education.

THE PHYSICAL EDUCATION PROFESSIONAL CLUB FOR WOMEN has as its purpose the stimulation of professional interest in health, physical education, and recreation.

PI KAPPA DELTA is a national forensic fraternity to promote the art of public speaking and to reward those who have taken an active part in forensic activities.

THE S CLUB is an organization of varsity lettermen. Its purpose is to encourage sportsmanship, to develop scholarship, and to promote a spirit of cooperation among athletes, other students, and faculty. SIGMA DELTA PI is a national honorary scholarship fraternity for students majoring or minoring in Spanish.

SIGMA PI SIGMA is the national honor society in physics, the purpose of which is to encourage high scholarship and research in physics.

THETA ALPHA PHI, national honorary dramatic fraternity, fosters artistic achievement in the allied arts and crafts of the theatre.

SOCIAL FRATERNITIES

FOR WOMEN: Alpha Xi Delta, Delta Delta Delta, Dexioma (local), Phi Mu, Pi Beta Phi, and Zeta Tau Alpha.

FOR MEN: Delta Sigma Phi, Lambda Chi Alpha, Pi Kappa Alpha, Pi Kappa Phi, Sigma Nu, and Sigma Phi Epsilon.

STUDENT ACTIVITIES

ATHLETICS. Stetson students participate in intramural and intercollegiate athletics. Every student is urged to take part in the intramural program which offers a wide range of activities from September to June. Intercollegiate teams in football, basketball, baseball, and golf meet teams from schools throughout the Southeast. Stetson is a member of the Southern Intercollegiate Athletic Association and conforms to the code of the National Collegiate Athletic Association.

DEBATE. Intercollegiate debate including participation in sectional and national tournaments is open to all students. Outstanding work is rewarded by membership in Pi Kappa Delta, national debate fraternity, in whose national tournaments Stetson teams compete. Recent schedules have included discussions with the University of Georgia, Notre Dame, the University of Texas, the University of Chicago, the United States Naval Academy, and Georgetown University.

DRAMATICS. The Stover Theatre affords a wide variety of theatre activities. Students learn production, directing, acting, lighting, scene construction, and management through practice. Experimental plays, workshop plays, classic and modern plays are a part of each year's program. The formal schedule for the forty-fifth season, 1952-53, included *Good Housekeeping* (Wm. McCleery); *The Rock* (Mary P. Hamlin); *The Merry Wives of Windsor* (Shakespeare); *Second Threshold* (Philip Wylie and Robert Sherwood); "Three Short Plays," and a production in the round.

PUBLICATIONS. *The Stetson Reporter* is a weekly newspaper published by the students. Editor and business manager are elective offices; the numerous other appointments are their responsibility.

The Hatter is the annual. Published by the students under an elected editor and business manager, *The Hatter* offers a wide range of activities in reporting, photography, art work, and editorial work.

GUIDANCE

The guidance program is planned to assist students at all levels in growing toward emotional and vocational maturity.

A series of tests is administered to all freshmen and transfer students, as part of the Orientation Program (see p. 23), to help them gain understanding of their abilities, aptitudes, and interests. Achievement tests are taken by all students near the end of their

sophomore year. The Guidance Office administers and interprets further tests to individual students who wish this help in making educational, vocational, and personal decisions.

Each student is assigned to a faculty adviser who helps him interpret test data, study needs and interests, and plan his academic course in terms of his own self-understanding. Faculty advisers are available for scheduled planning-interviews throughout the year, as well as for casual, friendly conferences and social contacts. The faculty advisory system is coordinated by the Director of Guidance, who, with the Counseling Assistant, supplements the adviser conferences with vocational, educational, and personal counseling.

Many guidance functions are carried out by other agencies. The Dean of Men and Dean of Women exercise general supervision over the conduct and welfare of students through personal counseling and group contacts. Faculty specialists in many fields are available to confer with students. The Dean of the School or College and the Registrar will help evaluate credits and plan programs. The physical education departments, the University physician, and the nursing service will help with health problems. The education department and General Education staff provide special clinics for students who need more effective habits of reading and study.

THE COOPERATIVE EDUCATION PROGRAM

The Cooperative Program is a work-study plan. Students who meet entrance requirements for this program attend the University and receive on-the-job training in alternate semesters; the job training is supervised employment in the student's chosen occupation. The course may be completed in a minimum of five and one-half years. A substantial part of the cost of the student's education may be earned in the periods of employment. University activities are open to co-op students equally with all members of the student body—fraternities, sororities, athletics, honorary organizations, R.O.T.C., etc. At present co-op study is available only in the School of Business and the Department of Chemistry of the College of Liberal Arts.

Detailed information is available from the Director of Cooperative Education.

COMBINATION FORESTRY PROGRAM WITH DUKE UNIVERSITY

Stetson University offers a program in forestry in cooperation with the School of Forestry of Duke University. Upon successful completion of a five year coordinated course of study, a student will have earned the Bachelor of Science degree from Stetson University and the professional degree Master of Forestry from the Duke School of Forestry.

A student electing to pursue this curriculum spends the first three years in residence at Stetson University. Here he obtains a sound education in the humanities and other liberal arts in addition to the

sciences basic to forestry. Such an education does more than prepare a student for his later professional training; it offers him an opportunity to develop friendships with students in many fields, expand his interests, broaden his perspective, and fully develop his potentialities.

The student devotes the last two years of his program to the professional forestry curriculum of his choice at the Duke School of Forestry. Since Duke offers forestry courses only to senior and graduate students, the student from Stetson University finds himself associating with a mature student body. He is well prepared for further personal and professional development.

Candidates for the forestry program should indicate to the Director of Admissions of Stetson University that they wish to apply for the Liberal Arts-Forestry Curriculum. Admission to the University is granted under the same conditions as for other curricula. At the end of the first semester of the third year the University will recommend qualified students for admission to the Duke School of Forestry. Each recommendation will be accompanied by the student's application for admission and a transcript of his academic record at Stetson University. No application need be made to the School of Forestry prior to this time.

Information concerning this program is available in the Office of the Dean of the College of Liberal Arts.

THE WASHINGTON SEMESTER

Stetson University participates in the Washington Semester of The American University at Washington, D. C. For information consult the Chairman of the Division of Social Science.

RESERVE OFFICERS' TRAINING CORPS

The Stetson ROTC was established during the summer of 1950 and enrolled its first students for the fall quarter of that year. Authorized by the Secretary of the Department of the Army, it was designated as a Military Police Corps Unit. In September, 1952, the Stetson ROTC Unit was selected by the Department of the Army to institute the Branch General Program, which stresses general military subjects applicable to the Army as a whole with emphasis on leadership.

Students enrolled in the Advanced Course are not limited to any one Branch of the Army but may qualify for any one of the fifteen Special Branches, i.e.: Infantry, Artillery, Armor, Military Police, Quartermaster, Transportation, Engineers, Signal, Adjutant General, Finance, Ordnance, Chemical, Army Security, Military Intelligence, Medical Service. Those Branches requiring additional post graduate work may be considered after commissioning, i.e.: Judge Advocate, Dental, Veterinarian, and Chaplain. Selection for a special Branch is dependent upon each student's special talent, desire, recommendation of the University Guidance Committee and the Department of the Army quota requirements.

Regular Army personnel are assigned to the unit for teaching and administration. The standard course prescribed by the Secretary of the Army is followed.

The purpose of the ROTC is to provide, at college level, work that will qualify selected students as Reserve Officers in the United States Army. The course is designed to achieve this objective in a way which will parallel the student's preparation for a civil career. It is particularly helpful to students entering business, teaching, and legal fields. Many of the subjects taught will be of value, as consumer education, to all students.

PROGRAM CONTENT AND OBJECTIVES

ROTC instruction is governed by the yearly programs prescribed and published by the Department of the Army. The training consists of two courses—the Basic Course and the Advanced Course. The Basic Course, normally taken by freshmen and sophomores, is of two years' duration and consists of an average of three hours of instruction per week. The First Year Basic Course covers general military subjects applicable to the Army as a whole.

The Advanced Course is also of two years' duration, and is normally taken by juniors and seniors. It consists of a minimum of five hours of instruction per week. The Advanced Course also includes a six-week summer camp at the end of the first year, which is held at an Army installation designated by the Secretary of the Army. The Advanced Course pursues in detail general military subjects with emphasis on leadership.

Students enrolled in the ROTC receive elective academic credit as follows: For the Basic Course, four semester hours (one hour per semester); for the Advanced Course, eight hours (two hours per semester).

ENROLLMENT REQUIREMENTS

BASIC COURSE: In order to become regularly enrolled in the Basic Course students must be citizens of the United States, be not less than fourteen nor more than twenty-two years of age, and be physically qualified in accordance with Army standards for Reserve Officers.

ADVANCED COURSE: In order to become regularly enrolled in the Advanced Course ROTC, students must be citizens of the United States, be not less than fourteen nor more than twenty-seven years of age, be physically qualified in accordance with the Army standards for Reserve Officers, and have completed the entire Basic Course ROTC at Stetson University or such other institution as offers such a course, or have at least one year of active and honorable service in the Army, Navy, Air Force, Marine Corps, or Coast Guard of the United States.

**CREDIT FOR ADVANCED STANDING IN THE
BASIC AND ADVANCED COURSES**

Credit may be granted for advanced standing upon initial enrollment in the ROTC courses for: previous active and honorable service in the Army, Navy, Air Forces, Marine Corps or Coast Guard of the United States; previous instruction received in Senior Division ROTC at some other institution; previous instruction received in Junior Division (High School) ROTC.

RESERVE COMMISSIONS

Upon successful completion of the Advanced Course and upon the recommendation of the President of the University and the Professor of Military Science and Tactics, the student is commissioned by the President of the United States as a Second Lieutenant in the Officers Reserve Corps.

REGULAR ARMY COMMISSIONS

Certain selected individuals designated as Distinguished Military Graduates of ROTC may receive Regular Army Commissions upon graduation. Distinguished Military Graduates are designated by the Professor of Military Science and Tactics and the President of the University on the basis of all-around scholastic and military excellence.

Graduates of the ROTC course who have received Reserve Commissions may apply for various periods of active duty with the Army after graduation. Such active duty may involve short periods of attendance at service schools or longer periods of troop duty.

CONTRACTS AND EMOLUMENTS

Advanced Course students are required, as a condition of enrollment, to sign a contract with the government whereby each student agrees, in return for payment of commutation of subsistence, to complete the entire Advanced Course, including the summer camp, and to devote at least five hours per week to such instruction during the academic year. Advanced students are paid commutation of subsistence monthly on the basis of the current rate prescribed by the Secretary of the Army. The rate is now ninety cents per day for a period not to exceed 595 days. During the summer camp period, students do not receive the commutation of subsistence but are paid at the same rate as a Regular Army private. In addition, students attending the summer camp receive travel allowances to and from the camp at the rate of five cents per mile.

DEFERMENT FROM SELECTIVE SERVICE

Within quota limitations, students selected for enrollment or continuance in the Senior Division ROTC (the Stetson Unit is so classified) may be deferred from induction under the Selective Service Act of 1948 until completion of the course, provided they remain in good standing in the ROTC and provided they sign a deferment

agreement wherein they agree to serve on active duty with the Army as commissioned officers for not less than two years upon completion of the ROTC course, if called by the Secretary of the Army.

UNIFORM AND TEXTS

All uniforms, texts, technical and classroom equipment are issued in kind to the students of both the Basic and Advanced courses. No individual expense accrues to the student by reason of his taking the ROTC Course except that a deposit of \$20 will be required to cover the items loaned to the student during the course.

WEARING THE ROTC UNIFORM

Students are required to wear the ROTC uniform whenever attending drill or ceremonies where the ROTC functions as a unit. The uniform is not normally required for ordinary classroom attendance in Military Science; however, students may wear the ROTC uniform for any appropriate occasion, while they are pursuing the course of ROTC instruction. For details of courses, see p. 64.

ADMISSIONS

Stetson University selects students whose character, health, and scholarship evidence their qualifications for taking advantage of the opportunities afforded by the University.

PROCEDURE FOR COLLEGE OF LIBERAL ARTS, SCHOOL OF MUSIC, SCHOOL OF BUSINESS

(For the College of Law, see pp. 79-80; for the Division of Graduate Studies, p. 38.)

Applicants should write to the Director of Admissions (or to any University officer) for application forms. These should be completed as early as possible; in 1953, applicants filing later than August 24 cannot be assured admission in September; after January 11, 1954, for the spring semester.

The application must be filed complete before it can be acted upon. *No applicant should come to DeLand until notified of his acceptance by the Registrar.* These are the normal requirements:

1. The University's application form.
2. Matriculation fee, \$10.00, payable once; not returnable if papers are filed and applicant is accepted.
3. Record of a recent medical examination in duplicate on the University form. Applicants to the ROTC should submit three copies. Veterans may present a service examination. An annual examination is required.
4. The names and addresses of three persons not members of the applicant's family to whom the University may write for recommendations.
5. High school transcript, standard test scores, and recommendation from the last high school attended are to be furnished by

high school graduates. Transfer students must file transcripts from all colleges attended; available test scores should be included.

6. Supplementary standard test scores, if required by the Admissions Committee.

Applicants under twenty-one or whose parents or guardians are responsible for them must file with the Registrar the name and address of the person with whom the University will communicate concerning grades, accounts, and the student's welfare. *It is the student's continuing responsibility to keep this address current.*

ADMISSION TO THE FRESHMAN CLASS

The student's total application must evidence desirable character and personality and the ability to do acceptable college work. He must be a graduate of an accredited secondary school, with a minimum of fifteen units of credit, three of which must be in English. Applicants presenting more than two vocational units will be required to give evidence of their ability to do acceptable academic work.

Applicants graduated from non-accredited high schools and applicants over twenty-one years of age unable to establish entrance otherwise may be admitted by examination. Entrance examinations are given only on written approval of the Dean or Director of the School or College concerned. The procedure outlined above should be followed.

ADMISSION TO ADVANCED STANDING

An applicant with a satisfactory average may be admitted to advanced standing from another college provided that he furnishes a statement that he is in good standing there and eligible to return. Courses will be transferred only if equivalent to those offered at Stetson and if graded C or better.

Courses from non-accredited colleges may be accepted provisionally under the same conditions as accredited work; they may be validated by one year (a minimum of thirty-one semester hours) of full-time work with an average of C. The above procedure should be followed.

ADMISSION OF SPECIAL STUDENTS

A limited number of students at least twenty-one years of age may be admitted upon approval of the Dean or Director of the College or School in which they desire to work. Evidence of ability and necessary preparation is required. *No work done as a special student may be counted ever toward a degree.* Applicants should apply as above.

ORIENTATION OF NEW STUDENTS

New students are required to come to the campus several days before registration in September to begin their orientation program which continues through the first semester. They take placement tests and on the basis of their scores are advised about courses and registration. One of the purposes of orientation week is to introduce them to administrative officers, faculty members, student body officers and leaders. Campus social and religious organizations assist in these activities. During the fall semester regular meetings, at which attendance is required, are held with faculty advisers to discuss adjustment to college life. Junior and senior transfers with satisfactory college records and acceptable test scores may be excused from these meetings.

Orientation week for 1953 is September 21-24.

CLASSIFICATION OF STUDENTS

Regular students are those registered as candidates for undergraduate degrees. They are *full-time* in any semester if they carry at least twelve semester hours of class work, *part-time* if they carry less. Regular students are *Freshmen* until they have completed twenty-eight hours, *Sophomores* on completion of twenty-eight hours, *Juniors* after completion of sixty-two hours, and *Seniors* when they have completed ninety-three hours with a C average.

Special students are those not eligible to work toward a degree.

Graduate students are those in progress toward a graduate degree.

Post-graduate students are those doing work beyond the undergraduate degree, but not candidates for graduate degrees.

ACADEMIC CREDITS AND CLASS LOAD

The academic year, from June to June, is divided into a summer session and two semesters. The semester hour is the unit of credit. One semester hour is earned for each class hour per week or for each two-hour laboratory period per week in a semester course.

The normal load for a student is sixteen hours each semester except in the College of Law, where it is fourteen hours. Students who earn a B average in one semester may register for eighteen hours in the following term. Heavier class loads may be undertaken only after successful petition to the Dean of the School or College. Additional class hours increase the tuition fee according to the regular scale. Probation students and others in special circumstances may find it advisable to carry less than normal loads. A twelve-hour load is the minimum for full-time classification.

CLASS ATTENDANCE

The method of instruction employed at Stetson requires regular attendance at classes. Two regulations govern absences: (1) A student missing classes to the detriment of his work will be warned by the instructor that further absences may result in a reduction of his grade; he will be reported to the Office of the Dean of the University. (2). Ten per cent of class meetings is regarded as a maximum of absences—for illness, emergencies, social activities, or whatever reason. A student should not expect to obtain a maximum grade after this many absences (six for a three-hour course); he may earn an F. Fewer absences than this may be allowed if the instructor invokes (1).

EXAMINATIONS, GRADES, QUALITY POINTS

EXAMINATIONS are given in all courses at the end of each semester. A student absenting himself from an examination without advance permission will be graded F in that course. Special examinations will be allowed only upon written approval of the Dean or Director of the College or School concerned.

GRADES AND QUALITY POINTS in courses represent the instructor's final estimate of the student's performance and are based on all work done during the semester. A (three quality points per semester hour), B (two quality points per hour), C (one quality point per hour), and D (no quality points per hour) are passing grades for which the student will receive credit. F (minus one quality point per hour) is the failing grade for which no credit is given. The quality point ratio is obtained by dividing the total quality points by the total hours.

For graduation a student must present a minimum of 124 semester hours and 124 quality points; 128 hours and quality points with four years of military science and tactics. If more than 124 hours are offered for any degree, a quality point ratio of 1.0, including all courses failed, must have been earned.

The C grade is the instructor's certification that the student has demonstrated the required mastery of the material. The grade of B signifies that the student has, for any combination of reasons, gained a significantly more effective command of the material than is generally expected in that course. The A grade may be interpreted to mean that the instructor recognizes exceptional capacities and exceptional performance. A student is graded D when his grasp of the course is minimal, but when the instructor believes the student would not profit by repeating. The F grade indicates failure to master the essentials and the necessity for repeating before credit may be allowed. Numerical grades may be used by individual instructors as a convenience but have no precise meaning and are not recognized by the University.

Some special grades are used to mark situations not described above. The temporary grade of I indicates absence from examination, or extension of time to complete work, for reasons approved in advance by the Dean or Director of the College or School concerned. The I must be removed by special examination before the end of the next academic session in residence; otherwise, it becomes F.

A student who has an approved withdrawal from the University in the first five weeks will receive a grade of W (no quality points). After the first five weeks, his grade will be WP (no quality points) or WF (minus one quality point), according to the estimate of his instructor. X (no quality points) indicates that a course has been dropped after the deadline but has been excused from penalty for sufficient reason; otherwise XF represents penalty (minus one quality point).

Juniors and seniors who choose elective courses numbered in the 100 series must earn B's to receive credit. A course may not be repeated to raise a passing grade.

No grade will be changed after it has been recorded in the Registrar's Office.

SCHOLASTIC HONORS

HONOR ROLL. Undergraduates and law students who carry a normal load (fourteen hours for the College of Law, fifteen hours for undergraduates) and earn no grade less than B are published each semester as the University Honor Roll.

DEAN'S LIST. Junior and senior undergraduates, and second-year and senior law students who carry a normal load with a quality point ratio of 2.5 are published each semester as the Dean's List.

GRADUATION HONORS. A student who has been in residence for at least two years and who has earned a quality point ratio of 2.5 is graduated *cum laude* (with honor). A student who has been in residence for at least two years and who has earned a quality point ratio of 2.7 is graduated *magna cum laude* (with great honor). A student who has been in residence for four years and has earned a quality point ratio of 2.9 with no grade below C is graduated *summa cum laude* (with highest honor).

ACADEMIC PROBATION AND SUSPENSION

Students whose cumulative academic averages drop below C will be placed on academic probation, which is continued until the C average is regained. If a student on probation fails to earn a C average in any semester, he is eligible to be dropped from the University. A student in his first freshman semester who fails all his work or who in a subsequent semester fails half his work is eligible to be dropped. Students dropped for academic failure may not re-enter the University except by permission of the Committee on Admissions; if readmitted they resume probationary status.

WITHDRAWALS

Official withdrawal from the University is granted by the Dean of the University only after proper clearance from the Dean of the School or College, the Dean of Men or Women, and the Business Office. Students who leave the University without proper withdrawal automatically suspend themselves and can be readmitted only with special permission from the University Committee on Admissions; the grade F is recorded for all courses.

DEGREE REQUIREMENTS

BACCALAUREATE DEGREES in the College of Liberal Arts, the School of Music, and the School of Business are conferred after completion of the academic programs prescribed and upon approval of the candidate by the faculties. Stetson reserves the right to refuse a degree whenever it appears that the character or conduct of the student will prevent his acceptable representation of the University. In addition to the requirements stated below, candidates for degrees in the School of Music and in the School of Business should consult the more detailed descriptions of the programs in those schools that appear later in this catalogue.

1. A minimum of 124 semester hours and 124 quality points must be presented for a degree; 128 hours and quality points with four years of military science and tactics. Forty hours must be of junior-senior rank, i.e., composed of courses numbered 300 or 400.
2. A year of residence, normally thirty-one hours, is required in the College or School in which the degree is earned; the final semester, normally sixteen hours, must be completed in residence.
3. Each degree program must include the general education courses described on p. 53. The Communications (G1-2) course must be completed in the first semesters of residence. The order of completion of the other courses in this series will be determined by the student and his adviser. In addition, each student must complete a course in the principles of capitalism.

Exceptions to this requirement are made in the School of Music and the School of Business. A student registering in either school should consult the pages of this catalogue concerning those curricula. In the College of Liberal Arts, exceptions are made for some pre-medical, pre-dental, pre-laboratory technology, and pre-engineering students. Exceptions may be made in the combination course in nursing.

Any part, or all, of the general education program may be exempted by examination upon request from a student whose qualifications indicate possible success in the examinations. An exemption does not carry credit, but affords a wider elective range.

A transfer student will be required to undertake those general education courses suited to his classification and previous training.

4. Undergraduates less than thirty years of age must take physical education for the first four semesters of their college work. Credit is not given in semester hours.
5. Every student must present six hours in religion.
6. Each candidate for a degree must offer a major in a department (e.g., English, religion, accounting, voice) or division (e.g., social science) of the School or College in which he is enrolled. He must have a C average in this major. The stipulations for each major are set out in this catalogue under the courses of study beginning on pp. 40, 88, 104. After the student has chosen his major, he will be advised by that division or department in the selection of all his courses. Not more than forty semester hours may be earned in one department. At least half the work in the major field must be in the 300 and 400 series.
7. A student whose academic career is interrupted by military service may complete the requirements for his degree under the catalogue of his first registration, provided that he has not changed his first declaration concerning his major study. Other students are expected to complete their degrees within six years of matriculation. Those failing to achieve graduation in this time may be required to satisfy the requirements of the current catalogue. All changes of major entail acceptance of the requirements of the current catalogue.

Degrees are conferred in June and in August. Students must file formal applications in the Office of the Registrar for the August, 1953, Commencement, not later than July 1, 1953; for the June, 1954, Commencement, not later than February 22, 1954; for the August, 1954, Commencement, not later than July 1, 1954.

THE BACHELOR OF LAWS DEGREE is described on p. 81 of this catalogue.

THE COMBINATION DEGREE is described on pp. 81 and 105.

THE GRADUATE DEGREES, Master of Arts and Master of Science, are described on pp. 38-39.

A charge is made for private lessons in applied music when such private lessons are elected and not specifically required by a particular course of study. For the charges for private lessons, consult the Dean of the School of Music or the Business Office of the University.

INFORMATION CONCERNING EXPENSES

Registration is not complete until all charges are paid or arranged for at the Business Office. Advance payment may be made upon an estimate of expense, adjustment to be made following registration. Such payment eliminates delay in registration procedure. Partial payments may be arranged with the Business Manager prior to registration.

Grades are not recorded and transcripts are not issued for students with delinquent accounts. Refund of tuition and other returnable charges may be made at University option in the case of students called to military duty or forced to withdraw by events over which they have no control.

A student should expect University expenses of approximately \$525 to \$550 per semester.

Tuition and fees pay only sixty per cent of the cost of instruction for each student. Some parents make generous contributions to assist in meeting the total expense of a Stetson education for their children.

HOUSING

Unmarried undergraduate women and freshmen and sophomore men who do not live with their parents or guardians are required to room in University dormitories. Other unmarried undergraduates must live in places approved by the Dean of Women or Director of Men's Housing. Married students are admitted to the University and may live in the dormitories when rooms are available. The University reserves the right to require any student to live in a dormitory when this appears best for his welfare. Students who are eligible to live off campus should correspond with the Dean of Women or the Director of Men's Housing for assistance in finding satisfactory quarters. These arrangements should be completed well in advance of the student's arrival.

SCHOLARSHIPS

Funds have been established to reward academic excellence and to aid worthy students, by these individuals and others: Mrs. Jeanette Thurber Connor, Carrie F. Conrad, Mary S. Crozer, Mary E. Gunnison, Julia E. Holmes, Robert Shailor Holmes, E. L. Hon, A. D. McBride, Hunter McNeill, Frank R. Osborne, Fred Smith, E. Elizabeth Stetson, Marie Woodruff Walker, G. W. S. Ware; the Peace River Baptist Association. The awards are described below. Applications should be directed to the Committee on Scholarship Awards.

CLASS AWARDS. Eight full tuition scholarships are given annually to the two students in the freshman, sophomore, and junior classes of the College of Liberal Arts, the School of Music and the School of Business, and to one each in the first and second year classes of the College of Law, whose academic rank is highest in their respective classes.

UNIVERSITY SCHOLARSHIPS. Five full tuition scholarships are available each year to outstanding Florida high school graduates. They are awarded after a competitive examination held on Scholarship Day, usually in April. The awards are renewable semi-annually for a total of four years, provided that the recipient continues to demonstrate outstanding ability, scholastic achievement and contribution to life on the campus.

INTER-REGIONAL SCHOLARSHIPS. Five scholarships similar to the above are available to high school graduates from states other than Florida.

ART SCHOLARSHIPS. The Art Department awards one full tuition scholarship annually to the art major showing the greatest progress during the academic year.

One full tuition scholarship is given annually in national competition by the Scholastic Magazine, 7 East 12th St., New York 3, N. Y.; available to high school graduates.

The Florida Federation of Art awards an annual tuition scholarship in competition among Florida high school graduates. Apply to June Ziegler, Scholarship Chairman, P. O. Box 2286, Sarasota, Florida.

The Stetson Art Department offers one full tuition or two half tuition scholarships in competition (which closes April 1) among high school students. For information write to the Chairman, Art Department.

MUSIC SCHOLARSHIPS. Talented students of voice or instrumental music are awarded part or full tuition scholarships in recognition of their contribution to the musical life of the school.

SCHOLARSHIPS FOR FOREIGN STUDENTS. Students from foreign countries may be awarded scholarships; they should communicate with the Committee on Scholarship Awards.

VOLUSIA COUNTY HIGH SCHOOL SCHOLARSHIPS. A scholarship of \$225 per year, renewable throughout the four years of the recipient's college work, is offered annually to an outstanding student graduating from the DeLand, Seabreeze, Mainland, New Smyrna Beach, Pierson, and Seville high schools.

WILLIAM WALTER MANN SCHOLARSHIPS. The William Walter Mann Foundation gives six scholarships to the University annually in the amount of \$200 each. Students of superior character and ability are eligible for these awards.

FLORIDA STATE SENATORIAL AND HOUSE OF REPRESENTATIVES SCHOLARSHIPS. Each senatorial district and each representative from each county in Florida is provided annually with a certain number of \$200.00 scholarships available to students at this University who are in training to teach or to render governmental service in Florida. Prospective teachers holding these scholarships must have their programs approved by the Chairman of the Division of Education. For further information write to Dr. Ray V. Sowers, Stetson University, or to the State Department of Education, Tallahassee.

CHURCH LEADERSHIP SCHOLARSHIPS. The University joins equally with any one Baptist church in each Association of the Florida Baptist Convention in providing full tuition to a student selected and endorsed by his church and Association as possessing outstanding capacity as a lay leader. Applicants must show marked academic promise and be unable to attend Stetson without such financial assistance. These awards are renewable each semester for four years if the recipient continues to demonstrate outstanding ability, scholastic achievement, and to make a significant contribution to campus and church. The recipient's service to the University and a DeLand church will be reported regularly to his home church.

HONOR SCHOLARSHIPS. A limited number of half-tuition (\$225) scholarships are offered to high school graduates who have been elected to membership in the National Honor Society, or an equivalent honorary society, and are nominated by their high school principals as potential community leaders. Applicants must show superior academic promise, and be unable to attend Stetson without such financial assistance. These awards are renewable semi-annually for a total of four years, provided that the recipient continues to demonstrate outstanding ability, scholastic achievement and contribution to life on the campus.

GRADUATE SCHOLARSHIPS. Ten graduate scholarships in the amount of \$700 are available, at the discretion of the Graduate Council, to students working toward the Master's degree.

SERVICE SCHOLARSHIPS. The University awards scholarships in varying amounts to students in the several colleges and schools of the University upon recommendation of the head of the School or College, and upon evidence of outstanding service to the University.

RHODES SCHOLARSHIPS. Stetson men are eligible to apply for the Rhodes Scholarships at Oxford University, England. Character, scholarship, athletics, and leadership comprise the basis upon which selections are made.

DELAND ELKS MEMORIAL SCHOLARSHIP. DeLand Lodge No. 1463, B.P.O. Elks, in honor of its departed members, offers a four-year scholarship having a total value of \$3,000 to a high school senior of DeLand, Seville, or Pierson. Outstanding qualities of character, scholarship, promise of leadership, together with financial need are taken into account.

Seniors in the above high schools and Stetson undergraduates are eligible to apply through this lodge for the "Most Valuable Student" awards sponsored by the Elks National Foundation Trustees.

DAVIS BROTHERS SCHOLARSHIP FUND. Six hundred dollars is provided annually by this fund for the assistance of students whose scholarship, character, economic need and potential promise are considered by a special committee. Awards are restricted to students who have resided in Florida, Georgia, or Kentucky for ten years previous to entering Stetson and who intend to make their permanent home there.

L. MAXCY FOUNDATION SCHOLARSHIPS. A fund of \$5,000 has been established by Mr. L. Maxcy of Frostproof, Florida, to aid students selected by the Committee on Scholarship Awards.

STUDENT AID

The University joins with the Florida Baptist Convention in providing tuition to endorsed candidates for the Baptist ministry. Ministerial students from other denominations in Florida and Baptist ministerial students from other states may be granted aid toward their tuition. Minor sons and daughters of active Christian ministers who live in Florida are aided to the extent of one half their tuition. Wards of the Methodist Children's Home at Enterprise and of the Baptist Children's Home at Lakeland may be aided. Students who receive assistance from the state Vocational Rehabilitation Office are considered for tuition grants. An average of C is required of students receiving such aid.

EMPLOYMENT by the University is available to a limited number of students. The amounts students may earn vary with the type of work and the time available. Students should not plan to cover their total expenses in this manner. An average of C in academic work is required of those employed by the University. Correspondence should be addressed to the Work Scholarship Committee.

VOCATIONAL REHABILITATION SERVICE OF THE STATE DEPARTMENT OF EDUCATION. Various types of assistance are provided by this agency to persons who are handicapped. Applications should be addressed to the Vocational Rehabilitation Service, State Department of Education, Tallahassee.

LOAN FUNDS. Among the funds donated by those named above are generous provisions for loans to students. Applications should be made to the Committee on Student Loans.

PRIZES

THE HARRY L. TAYLOR PRIZE IN THE HUMANITIES. Full tuition for one year and a cash award of two hundred fifty dollars are given to the junior submitting the best essay on a selected subject in the humanities.

THE WALTER L. HAYS PRIZES. A first prize of two hundred dollars and a second prize of one hundred dollars are offered by Mr. Walter L. Hays for the best addresses on free enterprise and the American way of life.

THE JANET HOWARD TAYLOR SHAKESPEARE PRIZE. An annual award of fifty dollars is offered to the student who presents the best essay dealing with the times, plays, or contemporaries of Shakespeare.

THE SAM R. MARKS PRIZES IN RELIGION. A first prize of one hundred dollars and a second prize of fifty dollars are offered in annual competition for the best two presentations of a selected subject by a ministerial student or by a student majoring in the department of religion.

THE JEANNETTE THURBER CONNOR PRIZES. A first prize of twenty-five dollars and a second prize of fifteen dollars are offered for the two best essays on some aspect of Florida history.

Information concerning all prizes may be obtained at the Office of the Dean of the University.

STUDENT CONDUCT

Students are expected to conduct themselves with dignity and respect for the regulations of the University both on campus and off; violation is ground for disciplinary action. Men and women who break University regulations together share responsibility and are subject to equivalent penalties. The purchase, possession, or use of alcoholic beverages is forbidden. Detailed regulations together with definitions of conduct probation, social probation, conduct suspension, etc., are published in the *Student Handbook* and by the Deans of Women and Men. Entrance into the University indicates agreement to abide by the regulations.

THE CATALOGUE

The provisions of this **BULLETIN** are not to be regarded as an irrevocable contract. The Trustees and the Faculty reserve the right to modify, revoke, or add to University regulations at any time.

College of Liberal Arts

DIVISION OF HUMANITIES

BYRON H. GIBSON, *Chairman*

The Departments included in this Division are Art, Modern and Classical Languages, English, Philosophy, Religion, and Speech. They seek to bring about fuller, richer living through the stimulation and satisfaction of the appreciation of beauty, the cultivation of sound judgment, and the development of skills in communication. The humanities emphasize the values and principles on which to found the best life and relate them to everyday living. A major is offered in the broad field of the humane studies as well as in the individual departments. Generally, for a major in Humanities, the following are stipulated in addition to the general university requirements: twenty-four hours in language, twelve in English, six in history, and three each in history of art, speech, Greek classics in translation, philosophy or psychology, music history and appreciation.

DIVISION OF NATURAL SCIENCES

JOHN F. CONN, *Chairman*

The Departments included in this Division are Biology, Chemistry, Engineering, Mathematics, and Physics. Its objectives are to acquaint the student with the laws of nature, to provide training in the scientific method, to afford the opportunity for study of the natural sciences in a Christian atmosphere, and to offer a sequence of courses that will provide basic professional training in the natural sciences and pre-professional training in medicine, dentistry, and laboratory technology.

In addition to the general university requirements, a candidate for the B.S. degree in one of the laboratory sciences must present thirty hours in that department, ten hours in mathematics (Ms105-106), and ten hours in a second laboratory science.

For a major in mathematics the candidate must satisfy the general university requirements for the B.S. degree, present thirty hours in his major, and ten hours in a laboratory science.

Students who major in any department in this division are advised to take French or German. G7-8 and/or G9-10 may be waived when other courses in these subjects are required for the major. Upon the recommendation of the major professor and with the approval of the Dean of the College of a special program of studies, the A.B. degree may be earned in this Division.

PRE-MEDICAL AND PRE-DENTAL CURRICULUM. During recent years there has been an increasing tendency on the part of medical colleges to raise their entrance requirements. Many now require the Bachelor's degree as a prerequisite—the American College of Surgeons makes such a degree a definite requirement of its fellows. In general, medical schools require a minimum of ninety semester hours and dental schools require sixty. All schools belonging to the Association of American Medical Colleges specify that the following be included in the above requirement: English, six hours; general biology or zoology, eight hours; general chemistry, eight hours; organic chemistry, eight hours; physics, eight hours. Most approved schools require or strongly recommend the following in addition: comparative anatomy, embryology, analytical chemistry, physical chemistry, and a reading knowledge of French or German. Medical schools generally advise against taking such subjects as physiological chemistry, bacteriology, anatomy, and histology, but urge the student to complete his requirements in the social sciences and humanities. *Students planning to enter medical or dental schools should consult the catalogues of the schools they desire to attend for guidance.* The Medical College Admission Test is given at Stetson twice a year, usually in May and November.

PRE-LABORATORY TECHNOLOGY COURSE. The University provides training for those students who plan to take a graduate degree in medical technology. Work is also offered to prepare students for medical technology courses in those schools and hospitals which require only two years of college work. A Bachelor of Science degree and at least one year of graduate work is advised for students interested in this field, since positions in research laboratories and hospitals require the best preparation.

The course of study is similar to pre-medical preparation; each student should include in his work some physiology and bacteriology. The details of each program will be worked out with the Chairman of the Division. When possible it is desirable to plan the course with a clear understanding of the requirements of the graduate school at which the student plans to do further work.

COMBINATION COURSE FOR NURSES. This course is offered for those who wish to enjoy the cultural and scientific advantages of University training in addition to professional training. The work provides foundation studies for teaching and supervising in a school of nursing. Six years are needed to complete the course. The first two years must be spent at Stetson or at another accredited college or university. At the end of the second year, the student enters an approved school of nursing. Upon graduation (a three-year course), she re-enters Stetson. Her program of studies for this final year is planned in consultation with her adviser to complete graduation requirements. The Bachelor of Science degree is awarded for this course.

DIVISION OF SOCIAL SCIENCES

GILBERT L. LYCAN, *Chairman*

This Division includes Economics, Geography, History, Political Science, and Sociology. Journalism is administered by this Division. Study of the social sciences should guide the student toward an understanding of the bases and functioning of modern society and should help him to think realistically about social change and improvement. The several subject fields included in this Division cover a wide range of human experience, but they have an essential unity, utilize similar methods of approach, and share common objectives. A major is offered in the Division as well as in each of its departments. The group or divisional major comprises eighteen hours in one department, twelve in a second, and nine selected from the remaining social sciences.

DIVISION OF EDUCATION

RAY V. SOWERS, *Chairman*

Teacher Education, Psychology, Health and Physical Education, Internship and Field Service are included in this Division. From its beginning Stetson University has stressed professional training for teachers. This emphasis has been reinforced through the organization of Saturday and evening classes, the enlargement of summer session work, and the changes made in the curriculum to accommodate the internship program. The program of teacher education set forth here is designed to meet the requirements of Stetson University for graduation, and those of the Florida State Board of Education for certification in both the elementary and secondary fields without further examination.

Florida certification requires not less than forty-five semester hours of general preparation, a minimum of twenty hours of professional preparation including internship or practice teaching, and from twelve to thirty-six hours in the field of specialization. The general education courses required of all students for graduation (see page 53) meet the general preparation requirement. *Students planning to become teachers should consult the Chairman of the Division early in their courses.*

MEETING PROFESSIONAL PREPARATION REQUIREMENTS. Below are indicated certain courses offered at Stetson University which have been selected to meet professional preparation requirements of the State Department of Education. It is considered best practice that these courses be taken during the junior and senior years, terminating in the internship preferably the first semester of the senior year. It is important that this order be observed by all prospective teachers.

PROFESSIONAL COURSES REQUIRED FOR ALL TEACHERS

- 1. Foundations of Education—Required:** six semester hours
Social Foundations: En245—School and Community, or En308
—Educational Sociology
Psychological Foundations: En309—Educational Psychology, or
En316—Child Psychology
- 2. General Methods—Required:** six semester hours
En429—Teaching in the Public Schools (given during the first
half of the semester in which the student interns)
- 3. Special Methods—Required:** three semester hours
For elementary teachers: En325—Language Arts
For secondary teachers: En332—Special Methods in the Sec-
ondary School (or special methods courses provided in other
departments)
- 4. Practical Experience—Required:** ten semester hours
En430—Internship

AREA OF SPECIALIZATION

- 1. Elementary—Required:** twenty-seven semester hours
En323—Teaching Science in the Elementary School
En324—Children's Literature or En333—Materials of Instruc-
tion
En326—Teaching Social Studies in the Elementary School
Gy102—Regional Geography
Gy375—Resources Use Education or Gy311—Conservation
Hpe305—The Teaching of Physical Education in the Elemen-
tary School
En335—Public School Art
En336—Public School Music
Hpe419—Methods and Materials of Health Education
- 2. Secondary—Specialization in subject matter fields for the sec-
ondary schools will follow requirements set forth in certification
regulations of the State Department of Education.**

THE PLACEMENT OF TEACHERS

It is the policy of the University to try to place its graduates in positions for which they are properly trained and fitted by scholarship and personality. The very large percentage of Stetson teachers placed in Florida schools and elsewhere in the past evidences a fine spirit of cooperation between the University and the public schools.

THE DIVISION OF GRADUATE STUDIES**WILLIAM HUGH MCENIRY, JR., Chairman**

The graduate degrees Master of Arts and Master of Science are awarded by the College of Liberal Arts upon completion of the appropriate courses of study in the following departments: Biology, Chemistry, Economics, Education, English, History and Political Science, Modern and Classical Languages, Religion, and Sociology. Graduate study is under the supervision of the Graduate Council.

Application for admission to graduate study is made on a form provided by the Office of the Chairman of the Graduate Council. This form is required in addition to the credentials requested for admission to the University.

A baccalaureate degree from an accredited college or university is required of applicants. Transcripts of all undergraduate credits must be filed with the application. These transcripts and the supporting recommendations must present evidence of sufficient and satisfactory undergraduate preparation and of desirable character and personality.

The Graduate Record Examination is required and must be taken during the first term in residence if not completed before entrance.

The maximum class load is fifteen semester hours. The Council reserves the right to reduce the load for those who for any reason might endanger their standing by attempting the maximum. No in-service teacher may register for more than three semester hours in one term.

At the beginning of his study, the candidate must have his program approved by the heads of the departments in which he plans to work and by the Chairman of the Council. Usually the courses are chosen from two departments. Not fewer than eighteen hours may be in the major subject; not less than six in the minor. When the minimum eighteen hours are undertaken in the major, there may be an associated minor and an independent minor.

Each candidate must complete a minimum course of thirty semester hours. A thesis satisfies the requirement in the amount of six semester hours. If the student, with the approval of his major professor, elects not to write a thesis, he must present one research paper for approval in addition to the thirty hours. At the time of the applicant's acceptance for graduate study, he will be notified of any additional hours required of him above the thirty-hour minimum. The major professor determines what the additional courses must be.

Admission to study does not imply admission to candidacy for a degree, which is granted only upon completion of one semester at Stetson, written recommendation of the major professor, and approval of the Graduate Chairman.

One academic year in residence is required. The Council defines a year of residence as two semesters on campus, regardless of the

amount of work taken. Saturday and evening sessions are credited as one-fourth semester each. All students must spend one regular session in residence (fall semester, spring semester, or full-length summer session). The work for the degree ought to be completed within two years; it must be finished within six years.

A maximum of six semester hours earned elsewhere may be transferred to Stetson provided they are approved by the major professor and the Graduate Chairman. Transferred credit shall not reduce the required year of residence.

A reading knowledge of a modern foreign language may be required by the major department. A student who plans to take a doctorate should keep in mind that a reading knowledge of French and German is an almost universal minimum requirement.

Grades for graduate students are H, Honors; S, Satisfactory; and UC, UD, UF, Unsatisfactory. The Satisfactory grade denotes entirely acceptable work and approximates the undergraduate grades A and B. The Honors grade signifies exceptional performance. The Unsatisfactory grade indicates the undergraduate level of performance.

The candidate who writes a thesis must submit two copies for binding. One copy is presented to the professor who directs the research; the other is deposited in the University Library. The thesis must be ready for binding prior to time of the oral examination. The fee for binding two copies is \$6.00.

Each candidate must pass an oral examination covering the thesis, and the fields of his graduate study together with general knowledge appropriate to mastery of his field. Preliminary to the oral, the major department may require a comprehensive written examination. Prior to the oral, typewritten briefs of transferred courses together with an abstract of the thesis, or research paper, must be filed with the Graduate Chairman. Six copies are required.

Courses numbered 000 are non-credit courses designed to prepare students whose preparation is inadequate for University work. Other numbers show the year intended: *Lower Division*—100 courses for freshmen, 200 for sophomores; *Upper Division*—300 for juniors, 400 for seniors; courses numbered 500 and above are for graduate students.

The numbers in brackets following the title of the course indicate the amount of credit and the sequence:

- (3-3) Straight year course, first semester prerequisite to second, no credit for first without second semester.
- (3, 3) First semester prerequisite to second, but credit given for first without second.
- (3) (3) Credit given for either semester separately.
- (3) Single semester course.

ART

SARA EDITH HARVEY, *Professor*

LOUIS AND ELSIE FREUND, *Artists in Residence*

GEORGE H. GAINES, *Assistant Professor*

In addition to the general requirements of the University, thirty semester hours are required for a major in this department, including the following courses: At 101, 102, 105, 106, 211, one semester of art history, and two semesters of a modern foreign language.

At101 ART APPRECIATION (3). Fundamental principles governing art in its various forms: art in the home, textiles, pottery, industrial art and civic art.

At102 INTRODUCTION TO ART (3). Design and representation presented in lectures and studio practice. Practical problems of the visual artist. Prerequisite to courses in drawing, painting, or design. Fee \$6.00.

At105, 106 DRAWING, PAINTING, AND COMPOSITION (3, 3). Introduction to drawing, painting and composition: still life, landscape and figure, with a variety of mediums. Prerequisite: At102 or its equivalent. Fee \$6.00 per semester.

At203, 204 PRINCIPLES OF COMMERCIAL ART (3, 3). Lettering and layout, package design, display advertising, advertising design. A portfolio of the best work is collected. Fee \$6.00 per semester.

At211, 212 PRINCIPLES OF DESIGN (3, 3). Exercise and experimentation in various media and materials. Fee \$6.00 per semester.

At215, 216 ARTS AND CRAFTS (3, 3). A survey of arts and crafts activities in an educational program: weaving, ceramics, textile printing processes, minor crafts; jewelry and metalwork. Fee \$16.50 per semester.

At217, 218 SCULPTURE (2, 2). Clay modeling, plaster carving, ceramic sculpture; armature building, plaster casting, and rubber mould making; wood and stone carving. Fee \$6.00 per semester.

At301, 302 HOME DECORATION (3) (3). Arrangement and color harmonies; history of period furniture. Practice in rendering house plans and elevations.

At305, 306 DRAWING, PAINTING, AND COMPOSITION (3, 3). An advanced course with attention to current trends. Prerequisite: At205, 206. Fee \$6.00 per semester.

At309, 310 FASHION ILLUSTRATION (3, 3). The essentials of fashion art, including materials, methods, and techniques, current and historic. Original costumes in various mediums designed by the student. Fee \$6.00 per semester.

At311, 312 ART HISTORY (3) (3). Architecture, painting and sculpture from the earliest times; the relation of art to the civilization that produced it. From the Renaissance to present times in At312.

At315 ADVANCED CRAFTS (3). Prerequisite: At215, 216. Fee \$16.50.

At335 ART EDUCATION FOR THE ELEMENTARY GRADES (3). For description see En335.

At345 ART EDUCATION FOR THE SECONDARY SCHOOLS (3). For description see En345.

At402 PHILOSOPHY OF THE ARTS (3). For description see Eh402.

At405, 406 PAINTING AND COMPOSITION (3, 3). Emphasis on mural and portrait painting. Prerequisite: At305, 306. Fee, \$6.00 per semester.

At485, 486 INDEPENDENT STUDY (3, 3).

BIOLOGY

A. M. WINCHESTER, *Professor*

DOROTHY L. FULLER, ELMER C. PRICHARD, *Associate Professors*

BARBARA CALHOUN, *Instructor*

The requirements for a major in the Biology Department are those stated on p. 34 for the Division of Natural Sciences. G9-10 or By101 is prerequisite to advanced work.

By101 GENERAL ZOOLOGY (5). Study of animal life in phylogenetic sequence; principles of genetics, embryology, and adaptation. For premedical students and others exempt from G9-10. Credit will not be given for both G9-10 and By101. Three hours lecture and four hours laboratory per week. Fee \$10.00.

By102 GENERAL BOTANY (5). Basic principles of plant life as illustrated by structure, physiology, classification and genetics. Three hours lecture and four hours laboratory per week. Fee \$10.00.

By201 HUMAN ANATOMY AND PHYSIOLOGY (4). Principles of human physiology and anatomy; laboratory work on the anatomy of a small mammal, the human skeleton, manikin, and models. Physiological experiments on various subjects. Two hours lecture and four hours laboratory per week. Fee \$10.00.

By202 FIELD BOTANY (4). Collection and identification of plants; emphasis on ecological relationships. One hour lecture and six hours laboratory per week. Prerequisite: By102. Fee \$10.00.

By301 BACTERIOLOGY (5). Bacteria and related micro-organisms, their economic importance and relation to disease. Methods of handling, growing, and identification of important bacteria together with the physiological reactions they produce on artificial media. Two hours lecture and six hours laboratory per week. Fee \$10.00.

By302 GENETICS (4). Principles of heredity with particular emphasis on the human. Laboratory includes crossing of fruit flies as an illustration of the mechanism of heredity. Some attention to eugenics. Three hours lecture and two hours laboratory per week. Fee \$10.00.

By303 COMPARATIVE VERTEBRATE ANATOMY (5). Comparative study of the organ systems of selected vertebrates with special reference to their phylogenetic relationships. Two hours lecture and six hours laboratory per week. Fee \$10.00.

By304 VERTEBRATE EMBRYOLOGY (4). Maturation of reproductive cells, fertilization, cleavage, and the development of the principal organs of selected vertebrate types. Laboratory work on the early embryonic stages of the frog, chick, and rabbit; the later embryonic stages of the pig. Two hours lecture and four hours laboratory per week. Fee \$10.00.

By306 INVERTEBRATE ZOOLOGY (4). Morphology and taxonomic relationships of invertebrate animals. Two hours lecture and four hours laboratory per week. Fee \$10.00.

By401 HISTOLOGY AND CYTOLOGY (5). Histological study of vertebrate tissues; cell structure with particular emphasis on the chromosomes. Prerequisite: Eight hours of biology. Two hours lecture and six hours laboratory per week. Fee \$10.00.

By402 HISTOLOGICAL TECHNIQUE (3). Preparation of tissue for microscopic study; methods of killing, fixing, embedding, sectioning, and staining of different types of tissue. Prerequisite: Four hours of advanced biology. One hour lecture and four hours laboratory per week. Fee \$10.00.

By403 PARASITOLOGY (4). Animal parasites and method of spread. Particular attention to parasites of man and other higher animals. Prerequisite: Four hours of advanced biology. Two hours lecture and four hours laboratory per week. Fee \$10.00.

By404 ENTOMOLOGY (3). Structure, habitat, classification, pathogenic relationships, and economic importance of insects. A collection of insects is made. One hour lecture and four hours laboratory per week. Fee \$10.00.

By406 SELECTED TOPICS IN BIOLOGY (2). Broad principles and theories of biology; biogenetic law, plant and animal migration, interrelation of species, evolution, cell doctrine, etc. Prerequisite: Eight hours of advanced biology. Two hours lecture per week.

By410 EUGENICS (2). Biological and social forces in relation to heredity. By201 and 302 are recommended as preparation.

By485, 486 INDEPENDENT STUDY (3, 3). Prerequisites: Sixteen hours of biology and permission. Fee \$10.00.

By501, 502 BIOLOGICAL RESEARCH (3, 3). Graduate students. Fee \$10.00.

By555, 556 THESIS (3, 3).

CHEMISTRY

JOHN F. CONN, LEONARD GEORGE TOMPKINS, JOHN V. VAUGHEN, Professors

For a major in chemistry, Ms301, 302 and nine hours of German are required in addition to the Divisional requirements stated on p. 34.

Cy101-102 GENERAL CHEMISTRY (5-5). Fundamental laws and theories of chemistry; properties of a number of common elements and their compounds. Contributions of chemistry to modern life. Prerequisite to all advanced courses. Three hours lecture and recitation and four hours laboratory per week. Fee \$10.00 per semester.

Cy201 QUALITATIVE ANALYSIS (3). Introduction to the theories and procedures of qualitative analysis; separation and identification of both acid and metallic radicals. One hour lecture and four hours laboratory per week. Fee \$10.00.

Cy202 QUANTITATIVE ANALYSIS (3). Elementary quantitative analysis, utilizing volumetric methods in acidimetry, alkalimetry, oxidation and reduction, iodometry and precipitation. Prerequisite: Cy201. One hour lecture and four hours laboratory per week. Fee \$10.00.

Cy301 QUANTITATIVE ANALYSIS (3). Gravimetric methods of analysis of simple compounds and some of the more complex substances, including ores and cement. Prerequisite: Cy201. One hour lecture and four hours laboratory per week. Fee \$10.00.

Cy303, 304 ORGANIC CHEMISTRY (4, 4). Introduction to the study of carbon compounds, their properties and methods of preparation. Type reactions are stressed. Two hours lecture and four hours laboratory per week. Fee \$10.00 per semester.

Cy385, 386 INDEPENDENT STUDY (3, 3). Prerequisites: Permission, two years of chemistry with B average. Fee \$10.00.

Cy401, 402 PHYSICAL CHEMISTRY (4, 4). Theories of modern physical chemistry. Special attention to chemical kinetics, colloidal phenomena, the ionic theory, electro-chemistry, and the phase rule. Prerequisite: Cy201. Two hours lecture and four hours laboratory per week. Fee \$10.00 per semester.

Cy403 ORGANIC PREPARATIONS (3). Preparation of a number of organic compounds not prepared in Cy303, 304. Special attention to percentage yields and purity of compounds prepared. Prerequisites: Cy303, 304. Six hours laboratory per week. On demand. Fee \$10.00.

Cy404 COLLOIDS (3). Preparation and study of the behavior of various types of colloidal systems: the phenomenon of absorption; applications. Prerequisite: Cy201. One hour lecture and four hours laboratory per week. On demand. Fee \$10.00.

Cy406 SPECIAL METHODS OF QUANTITATIVE ANALYSIS (3). Laboratory courses to meet the needs of the individual student. Problems offered in food analysis, water and milk analysis, oil and fuel analysis, fertilizer analysis, soil analysis, organic ultimate analysis. Prerequisites: Cy201, 202. Six hours laboratory per week. On demand. Fee \$10.00.

Cy407, 408 ADVANCED ORGANIC CHEMISTRY (3, 3). Modern theories of structure and interpretations of organic reactions. Prerequisites: Cy303, 304.

Cy411, 412 QUALITATIVE ORGANIC ANALYSIS (2, 2). Identification of pure organic compounds, separation of mixtures and identification of their components. Prerequisites: Cy303, 304. Four hours laboratory per week. Fee \$10.00 per semester.

Cy414 INORGANIC PREPARATIONS (3). Refinement of technique in inorganic chemistry and the preparation of some of the more unusual inorganic compounds. Prerequisites: Cy201, 202. Six hours laboratory per week. On demand. Fee \$10.00.

Cy415 INDUSTRIAL CHEMISTRY (3). Some problems of manufacture of fine and heavy chemicals on a large scale—equipment design, corrosion, mixing, safety, storage, handling, shipping. On demand. Fee \$10.00.

Cy485, 486 INDEPENDENT STUDY (3, 3). Fee \$10.00.

Cy501, 502 CHEMICAL RESEARCH (3, 3). Graduate students. Fee \$10.00.

Cy555, 556 THESIS (3, 3).

ECONOMICS

RICHARD F. ERICSON, *Associate Professor*

EUGENE W. GRINER, *Assistant Professor*

FRANK M. PHILLIPS, *Visiting Professor*

The General Economics sequence (Es101, Es102, Es201), or its equivalent, is a prerequisite to all advanced courses in this department. In addition to the general University requirements and the requirements of the Division of Social Sciences, majors must satisfactorily complete a minimum of seven upper division courses in economics, and must either take two years' work in a foreign language or demonstrate by examination an equivalent competence.

Es101 GENERAL ECONOMICS I (3). Economic and financial institutions in the United States. Analysis of existing institutional structure; appraisal of present institutional arrangements in terms of economic objectives.

Es102 GENERAL ECONOMICS II (3). Development of national income accounting as a tool of economic analysis. Use of national income statistics; application of national income concepts in formulation of general economic policy. Prerequisite: General Economics I.

Es201 GENERAL ECONOMICS III (3). Analysis and evaluation of price theory in view of the competitive situation characteristic of American economy. Theory of income distribution in terms of functional shares. Prerequisite: General Economics I and II.

Es303 PRINCIPLES OF MONEY AND BANKING (3). Origins and development of modern commercial and central banking; structure and functions of the Federal Reserve System. Consideration of theories of the value of money; interrelationships of money and prices, income and employment. Elementary theory of international exchange.

Es308 MONETARY AND FISCAL THEORY (3). Theories of money and credit, their policy implications. Review and critique of Federal Reserve-Treasury relationship since World War II, proposals advanced for the reconciliation of basic monetary-fiscal policy conflicts. Relationship between the public debt, money, and general level of economic activity.

Es317 ECONOMIC HISTORY OF THE UNITED STATES (3). Economic development of modern Europe and the extension of European economic influences and institutions to the United States. Commercial, industrial and economic development of the United States.

Es318 ECONOMICS OF PUBLIC UTILITIES (3). Nature and evolution of the public utility concept. Analysis of public utility policy; especial reference to the electric power and railroad industries.

Es321 MATHEMATICS FOR THE ECONOMIST (2). Application of mathematical techniques to the solution of economic problems; introduction to mathematical economics.

Es334 STATISTICS (3). Collection and tabulation of statistical data; graphic presentation; measures of central tendency and dispersion; analysis of time series; index numbers, correlation and forecasting. Applications of statistical methods to economic and social problems.

Es352 LABOR ECONOMICS (3). Economic problems of the wage-earner in modern society, trade unionism, collective bargaining, public policy; economics of income and personal security.

Es401 PRINCIPLES OF CAPITALISM (1). President's seminar.

Es402 THE AMERICAN IDEA (1). President's seminar.

Es408 DEVELOPMENT OF ECONOMIC THOUGHT (3). From the earliest times; emphasis upon English classical economic thought, mercantilism, and neoclassicism.

Es409 COMPARATIVE ECONOMIC SYSTEMS (3). Theoretical alternatives in the economic organization of production and distribution. Analysis of existing national economics: U.S.S.R., Great Britain, United States.

Es412 PUBLIC FINANCE (3). Tax and expenditure policies of various levels of government; the federal fiscal system. Debt management, level and structure of federal revenues and expenditures. Economics of tax impact, shifting and incidence.

Es415 ADVANCED ECONOMIC THEORY (3). Assumptions and foundations of modern economic theory: theory of value, utility, demand, production, and distribution. The technique of indifference analysis; empirical cost functions and price policy. Concepts of economic optimums and theories of the maximization of economic welfare.

Es416 CONTEMPORARY ECONOMIC THEORY (3). Emphasis on the American economists.

Es419 BUSINESS CYCLES (3). Statistical evidence indicating patterns of business fluctuations; deductive and inductive theories of business cycles; the stagnation thesis. Problems in forecasting levels of business activity; business cycle theory and policy. Prerequisites: Es303, Es308.

Es420 INTERNATIONAL ECONOMICS (3). Theory of international trade; analytical tools that may be used in the solution of the problems of exchange rates, monetary standards, tariffs, trade barriers, debts, and international trade.

Es432 MANAGERIAL ECONOMICS (3). Application of the theory of the firm to practical business situations. Use of economic theory by the businessman. Economic interpretations of business data; economic analysis as a tool of business-policy formulation.

Es452 THE ECONOMICS OF ORGANIZED LABOR (3). The evolution, nature, and significance of the labor movement; analysis and evaluation of the various wage theories. Prerequisite: Es352.

Es485, 486 INDEPENDENT STUDY (3, 3).

Es495 SENIOR SEMINAR. Advanced study in areas of student interest. Prerequisite: Permission.

Es501 SEMINAR IN MONETARY AND BANKING THEORY (3).

Es502 SEMINAR IN TAXATION AND FISCAL POLICY (3).

Es503 SEMINAR IN COMPARATIVE ECONOMIC SYSTEMS (3).

Es504 SEMINAR IN GENERAL ECONOMIC THEORY (3).

Es555, 556 THESIS (3, 3).

EDUCATION

RANDOLPH L. CARTER, HUBER W. HURT, RUBERT J. LONGSTREET,

RAY V. SOWERS, *Professors*

GEORGE W. HOOD, HARLAND C. MERRIAM, *Assistant Professors*

In addition to the general University requirements a minimum of twenty-seven hours is required for a major. The courses must meet the twenty-hour minimum of professional preparation for the Florida Graduate Certificate. The requirements for the field of specialization must also be met. *It is imperative that students working toward certification consult the Chairman of the Division of Education early in their courses.*

En102 REGIONAL GEOGRAPHY (3). For description see Gy102.

En245 SCHOOL AND COMMUNITY (3). Interaction of the individual with social groups; attention to school and community relationships.

En305 TEACHING PHYSICAL EDUCATION IN THE ELEMENTARY SCHOOL (3). For description see Hpe 305.

En306 TEACHING PHYSICAL EDUCATION IN THE HIGH SCHOOL (3). For description see Hpe 306.

En308 EDUCATIONAL SOCIOLOGY (3). Education from the stand-point of group needs. Adjustment of the child to social, civic, economic, and ethical forces of modern society.

En309 EDUCATIONAL PSYCHOLOGY (3). Psychological principles in relation to growing children; the learning process, motivation, individual differences and their measurement, personality problems and statistical procedures.

En316 CHILD PSYCHOLOGY (3). For description see Psy316.

En323 TEACHING SCIENCE IN THE ELEMENTARY SCHOOL (2). Subject matter, materials, and procedures; teaching arithmetic; organization and direction of units of work.

En324 LITERATURE FOR CHILDREN (3). Survey of the literature and guidance in effective presentation.

En325 TEACHING LANGUAGE ARTS IN THE ELEMENTARY SCHOOL (3). Reading, language, spelling, handwriting, and the importance of listening; subject matter, materials, organization; procedures at different levels of development; study of authorities in the field; lesson planning. Courses of study in leading school systems.

En326 TEACHING SOCIAL STUDIES IN THE ELEMENTARY SCHOOL (2). Subject matter, materials, and procedures; organization and direction of units of work.

En332 SPECIAL METHODS IN THE SECONDARY SCHOOL (3). Lesson plans, pupil work units; materials and procedures. Critical study of student projects. Evaluation, marking, reports; classroom control and discipline.

En333 MATERIALS OF INSTRUCTION (3).

En335 METHODS AND MATERIALS OF TEACHING ART IN THE ELEMENTARY GRADES (3). Developing the child's appreciation and creative ability through drawing, design, color, and craft work.

En336 METHODS AND MATERIALS OF TEACHING MUSIC IN THE ELEMENTARY GRADES (3). Music literature for children, basic and supplementary texts and methods of presentation of all essential music problems at elementary school level. Prerequisite: Mc100 or equivalent.

En345 ART EDUCATION FOR THE SECONDARY SCHOOLS (3). Developing pupils' appreciation and creative ability; correlation of art and other school activities. Fee, \$6.00.

En375 RESOURCES USE EDUCATION (3). Human, natural, and institutional resources of an area in relation to its educational program and the standard of living of its people.

En406 CHARACTER EDUCATION (3). Effective approaches to the interests and problems of youth by character-building agencies.

En407 PSYCHOLOGY OF CHRISTIAN PERSONALITY (3). For description see Rn407.

En410 GENERAL SURVEY OF GUIDANCE (3). Aims, principles, problems, and techniques of guidance in relation to the student's field.

En411 GROUP GUIDANCE: PRINCIPLES AND TECHNIQUES (3). Dynamics of interpersonal relationships; use of tests; developing effective social skills. Prerequisite: En410.

En412 INDIVIDUAL GUIDANCE: PRINCIPLES AND TECHNIQUES (3). Dynamics of personal adjustment; use of tests; collection and interpretation of data; interviewing and counseling techniques. Prerequisite: En411.

En413 OCCUPATIONAL GUIDANCE: PRINCIPLES AND TECHNIQUES (3). Occupational structure; job analysis; testing; counseling. Group insurance: retirement, security. Vocational choice and life investment.

En419 METHODS AND MATERIALS FOR HEALTH EDUCATION (3). For description see Hpe419. Prerequisite: Hpe201.

En420 COMMUNITY HEALTH (3). Health problems in home and community; nature and prevention of communicable diseases; protecting and improving community health.

En422 DIRECTED LEARNING (3). Improvement of study methods and development of reading skills.

En423 TESTS AND MEASUREMENTS I (3). For description see Psy423.

En424 TESTS AND MEASUREMENTS II (3). For description see Psy424.

En429 PRINCIPLES OF TEACHING IN THE PUBLIC SCHOOLS (6). Overview of development and philosophy of the school program. Principles of teaching, curriculum, evaluation, organization, and administration. Required in internship semester.

En430 INTERNSHIP (10). The student spends eight or more weeks in a public school participating in all of the activities of a teaching situation. Preparation and follow-up at the University under the guidance of the Director of Interns and the major professor. Seminar two hours each day during the last week of the semester. Prerequisites: for secondary teachers—En308, En332, and En309 or En316; for elementary teachers—En308, En325, and En309 or En316.

En431 SEMINAR FOR DIRECTING TEACHERS OF INTERNS (3). Florida procedures for supervising teachers; acquainting the intern with the teacher's functions.

En433 SEMINAR: PROBLEMS OF THE BEGINNING TEACHER (3).

En447 LEADERSHIP OF YOUTH (3). Principles of leadership through group activities in school and community life.

En505 PHILOSOPHY OF EDUCATION (3). Critical examination of current educational theory and practice.

En507 HISTORY OF AMERICAN EDUCATION (3).

En521 PRINCIPLES OF EDUCATIONAL RESEARCH (3). Papers and theses.

En532 EVALUATION OF THE ELEMENTARY SCHOOL PROGRAM (3). Practices and materials developed by the Southwide Study of Elementary Education.

En541 PUBLIC SCHOOL ADMINISTRATION (3).

En543 PRINCIPLES OF SUPERVISION (3). Supervision and the democratic principles involved; organizational and administrative features of a program of supervision.

En545 CONTEMPORARY PROBLEMS IN FLORIDA PUBLIC EDUCATION (3). The Florida Citizens' Committee report; an analysis of the 1945-47 school legislation; status of the foundation program in local and county school units. Improving the educational program through cooperative planning at the community and county level.

En555, 556 THESIS (3, 3).

ENGINEERING

CURTIS M. LOWRY, Professor

The Engineering Department is equipped to offer two years of work. Seventy-two semester hours may be earned. Each student's program is planned to meet the requirements of the school to which he intends to transfer. Pre-engineering students are exempted from most general education courses.

Eg101, 102 MECHANICAL DRAWING (2, 2). Practice in the use of drawing instruments, in lettering, and in preparing working drawings. Sketches, detail, and assembly drawings; tracings and blue prints. One four-hour period per week. Fee \$5.00 per semester.

Eg103, 104 MACHINE SHOP (2, 2). Mathematical principles and operation of the lathe, shaper, milling machine, grinding machine and drill press. Plain cylindrical, taper, thread cutting, gear making and precision grinding; electrical and gas cutting and welding. Shop practice supplemented by lectures and problems. One four-hour period per week. Fee \$11.00 per semester.

Eg105, 106 DESCRIPTIVE GEOMETRY (1, 1). Projection, intersection and development of lines, planes and solids.

Eg201, 202 LAND SURVEYING (3, 3). Care and use of instruments, land surveys, line running, traverse; computation of area, levels and profiles. Establishments of meridians, city surveys, simple curves, stadia and plane table plotting, map making, contours and earth work. Three two-hour periods per week.

Eg203, 204 MECHANICAL DRAWING (2, 2). Continuation of Eg102. One four-hour period per week.

Eg205 STATICS (5). Theory and practice in determining stresses in structures.

Eg206 STRENGTH OF MATERIALS (5). Determination of simple and combined stresses and deformations, solutions of numerous problems concerning design and investigation of beams, columns, shafts, pipes and footings.

ENGLISH

BYRON H. GIBSON, JOHN HICKS, WM. HUGH MCENIRY, JR., *Professors*

MARY CATHRYNE PARK, FRANK R. TUBBS, *Associate Professors*

MARY T. LOWRY, *Assistant Professor*

MARY LOU PRICHARD, *Instructor*

In addition to general University requirements, a major must present twenty-four hours (including Eh201, 202), six hours in history, six hours in philosophy or psychology, and twelve hours in modern foreign languages. G1-2 is prerequisite to all courses.

Eh201, 202 SURVEY OF ENGLISH LITERATURE (3, 3). From *Beowulf* to Thomas Hardy, emphasizing the principles and methods of literary interpretation and appreciation. Required of majors.

Eh205 WORD STUDY (3). Vocabulary building as a necessary means to improve thinking, reading, listening, writing, and speaking.

Eh301, 302 AMERICAN LITERATURE (3, 3). American verse and prose reflecting the motivating ideas in the American scene. Considerable attention given to literary forms and to the development of appreciation.

Eh303 BRITISH POETRY OF THE ROMANTIC PERIOD (3). Introductory consideration of the beginnings of romanticism; Wordsworth, Coleridge, Scott, Byron, Shelley, and Keats.

Eh304 BRITISH POETRY OF THE VICTORIAN PERIOD (3). Continuation of Eh303; Tennyson, Browning, Arnold, the Rossettis, and Swinburne.

Eh307 ADVANCED GRAMMAR (2). Descriptive grammar for ministerial students, prospective teachers and lawyers. Some attention to historical grammar.

Eh315 THE EIGHTEENTH CENTURY (3). Prose, poetry, and drama of the eighteenth century to the death of Samuel Johnson. Introductory study of Dryden followed by emphasis on Pope, Swift, Johnson, Goldsmith, and Sheridan.

Eh323 CREATIVE WRITING (2). Practice and guidance for students interested in writing; story, poetry, and imaginative essay; frequent conferences and group analysis of student writings. Prerequisite: Permission.

Eh326 MODERN POETRY (3). American and British poetry of the present century.

Eh331 GREEK LITERATURE IN TRANSLATION (3).

Eh332 LATIN LITERATURE IN TRANSLATION (3).

Eh333 DEVELOPMENT OF THE ENGLISH NOVEL (3). Prose fiction as a literary type; Fielding to Joyce.

Eh334 DEVELOPMENT OF THE AMERICAN NOVEL (3). Evolution of the American novel as an art form; Hawthorne, Melville, Twain, James, and twentieth century writers.

Eh341, 342 SURVEY OF DRAMATIC LITERATURE (3, 3). Origins of drama; development to present. Dramatic forms and styles; dramatic theory. Representative plays.

Eh402 PHILOSOPHY OF THE ARTS (3). Relationships between music, painting, drama, literature, architecture.

Eh406 MILTON (3). Milton's poetry, emphasizing *Paradise Lost*; brief attention to the prose.

Eh407 SHAKESPEAREAN COMEDY (3).

Eh408 SHAKESPEAREAN TRAGEDY (3).

Eh411 CHAUCER (3). Chiefly *The Canterbury Tales*, with the background of Chaucer's life and times.

Eh413 HISTORY OF THE ENGLISH LANGUAGE (3). Development of the English language; its place among the languages of the world.

Eh417 LITERARY CRITICISM (3). Problems and principles important in appreciation and judgment; attention to past and present critical theories.

Eh421 MODERN DRAMA (3). Representative plays, illustrating technique, subject matter, and treatment. Some history of the drama.

Eh423 OLD ENGLISH (3). Elementary study of Old English (Anglo-Saxon). Emphasis on the language, with readings.

Eh485, 486 INDEPENDENT STUDY (3, 3).

Eh501, 502 SEMINAR IN NINETEENTH CENTURY AMERICAN LITERATURE (3, 3).

Eh503, 504 SEMINAR IN NINETEENTH CENTURY ENGLISH LITERATURE (3, 3).

Eh505 SEMINAR IN TWENTIETH CENTURY LITERATURE (3).

Eh555, 556 THESIS (3, 3).

GENERAL EDUCATION

G1-2 COMMUNICATIONS (4-4). A two-semester course designed to develop skills in reading, thinking, listening, and oral and written communications. Practice based on required readings carefully chosen to afford the best models and to reinforce the student's work in his other studies. Special reading and writing clinics offered concurrently for those needing help. Required in the first semesters of residence of all freshmen and transfer students deficient in this area.

G3-4 WORLD CIVILIZATION (3-3). A survey of the development of man's major cultural achievements: language and communication, art and literature, philosophy and religion. The rise of government, emergence of democracy, nationalism and internationalism. The economic foundations of society, from primitive agriculture to modern capitalism.

G7-8 NATURAL SCIENCE I (4-4). This course is designed to acquaint the student with most of the fundamental theories of the physical sciences and the more important methods used by scientists, and to show the impact of science and technology upon modern life. The first semester is devoted primarily to astronomy and physics, the second to geology and chemistry. Three hours lecture and two hours laboratory per week. Fee \$5.00 per semester.

G9-10 NATURAL SCIENCE II (4-4). A scientific approach to the study of the living matter of the earth with particular emphasis on man: biology, hygiene, the biological bases of human behavior, geology, and anthropology. Three hours lecture and two hours laboratory per week. Fee \$5.00 per semester.

G11-12 HUMANITIES (4-4). A study of the various ways men have interpreted their experiences artistically. The effort is made to lead the student to an appreciation of the arts and of their significance in his living. The three hours of lecture each week will be devoted primarily to literature and the philosophy of art. The two-hour laboratory periods each week will be offered in the visual arts, music, and drama. Fee \$2.00 per semester.

G13-14 CHRISTIANITY AND WESTERN THOUGHT (3-3). This course is designed to help the student develop an appreciation of his Hebrew-Christian heritage and to make him aware of the influence of the Christian tradition on Western civilization. It is intended to aid him in his search for a satisfying religious experience. The first semester is devoted to the background, rise, and early development of Christianity; the second to the interaction of Christian thought and the major philosophic systems.

G15-16 CAPITALISM AND DEMOCRACY IN CRISIS (3-3). Analysis of the principal social institutions of contemporary America and the factors and forces influencing them: the economic basis, government, the family, education, and religion.

GEOGRAPHY

ROBERT S. CHAUVIN, CARL H. JOHNSON, *Assistant Professors*

In addition to the general University requirements and those of the Division of Social Sciences, a major includes twenty-four hours in geography.

Gy101 PRINCIPLES OF HUMAN GEOGRAPHY (3). Natural environment—climate, soils, land forms, natural vegetation, and resources—in relation to human activities.

Gy102 PRINCIPLES OF HUMAN GEOGRAPHY: REGIONAL GEOGRAPHY (3). Natural resources of the world—rocks and minerals, soils, underground and surface water features—and their utilization in different cultures.

Gy201 GEOGRAPHY OF LATIN AMERICA (3). Regional contrasts, problems and possibilities of future development in Mexico, Central America and the Caribbean Lands.

Gy203 GENERAL CARTOGRAPHY (4). Techniques in map making and reproduction of map projections; history of mapping. Two hours lecture, four hours laboratory.

Gy205 PRINCIPLES OF CLIMATOLOGY (3). Meteorology, climates, world settlements and land utilization in relation to climates.

Gy206 INDUSTRIAL AND COMMERCIAL GEOGRAPHY (3). Fundamental geographic factors influencing production, distribution and consumption of raw materials; fundamentals of manufacturing and principles of commerce.

Gy301 GLOBAL GEOGRAPHY (3). Resource patterns and their relationships to world affairs: geonomic, geocultural, and geopolitical problems.

Gy302 GEOGRAPHIC BACKGROUNDS OF AMERICAN HISTORY (3). Environmental factors in the development of the American nation. Expansion of a rapidly growing people into a series of different environments; discovery, exploration and colonization, westward expansion, sectionalism, immigration, and industrial growth.

Gy303 GEOGRAPHY OF NORTH AMERICA (3). Physiographic divisions and regions of the United States, Canada, Alaska and the Arctic.

Gy305 GEOGRAPHY OF ASIA (3). Geographic problems of India, Japan, and Soviet Russia.

Gy311 CONSERVATION OF NATURAL RESOURCES (3). Public policy in the management of forests, minerals, fisheries, wildlife, soils, and water resources. Soil conservation, flood control, utilization of physical resources, and a survey of human resources.

Gy375 RESOURCES USE EDUCATION (3). For description see En375.

Gy401 GEOPOLITICS: EUROPE, THE NEAR EAST, AND THE ORIENT (3). Principles of political geography and their application in current history; problems of Russia, Britain, Germany, France, China, Japan, and India.

Hpe324 BODY MECHANICS, CONDITIONING, AND CORRECTIVE EXERCISE (2). Prerequisites: By201, Hpe303. One hour lecture and two hours laboratory per week.

Hpe409 METHODS OF COACHING TEAM SPORTS (3). Basketball, volleyball, speedball, soccer, softball. Prerequisites: Pn91, Pn92. For women. One hour lecture and four hours laboratory per week.

Hpe410 TEACHING INDIVIDUAL SPORTS (2). Tennis, badminton, archery, golf, fencing. One hour lecture and two hours laboratory per week. Fee \$3.50.

Hpe411 THEORY AND PRACTICE OF COACHING FOOTBALL AND BASKETBALL (2). For men. One hour lecture and two hours laboratory per week.

Hpe412 THEORY AND PRACTICE OF COACHING TRACK AND BASEBALL (2). For men. One hour lecture and two hours laboratory per week.

Hpe419 METHODS AND MATERIALS FOR HEALTH EDUCATION (3). The planning of units of health instruction in the school curriculum.

Hpe420 COMMUNITY HEALTH (3). Protective and corrective services; survey of community-health problems.

PYHICAL EDUCATION ACTIVITIES FOR WOMEN AND MEN

Undergraduate students under thirty years of age are required to take physical education three hours per week for the first four semesters of their college work. Pn90 is required of all entering students. No exemption from or credit in physical education is allowed for service in the Armed Forces or ROTC. All women are given a body mechanics and posture test. A regulation uniform is required. It may be purchased for about \$6.00.

Pn90 FUNDAMENTALS OF PHYSICAL EDUCATION. Required of all entering men and women. Work in body mechanics and conditioning; rhythms, relaxation, basic team and individual sport skills.

Pn91 TEAM SPORTS. Basketball and Volleyball. For women.

Pn92 TEAM SPORTS. Speedball and softball for women. Touch football and softball for men.

Pn100 BASKETBALL. For men.

Pn101 FOOTBALL. For men.

Pn103 RECREATIONAL SPORTS. Deck tennis, box hockey, horseshoes, darts, table tennis, loop tennis, croquet, shuffle-board, paddle tennis, and aerial darts. Fee \$1.00.

Pn104 RECREATIONAL SPORTS. Continuation of Pn103.

Pn105 BEGINNING TENNIS. Fee \$2.00.

Pn106 BEGINNING ARCHERY AND RIFLERY. Fee \$5.00.

Pn107 BEGINNING GOLF. Fee \$4.00 for equipment and rounds.

Pn108 BEGINNING RHYTHMS.

Pn110 BEGINNING FENCING. Fee \$1.50 for students who do not furnish own equipment.

Pn111 STUNTS AND TUMBLING.

Pn112 ADAPTED RECREATION. For students physically unable to participate in activities.

Pn113 SWIMMING AND SKISH. A fee of \$10.00 is charged to cover admission charges and transportation to swimming area and for skish equipment. Spring semester.

Pn115 REMEDIAL ACTIVITIES. Specific exercises designed for remedial correction. For women.

Pn117 TABLE TENNIS. Fee \$1.00.

Pn118 BADMINTON. Fee \$2.50.

Pn121 TRACK AND FIELD. For men.

Pn122 PADDLE HANDBALL. For men. Fee \$1.50.

Pn124 SOCCER.

Pn125 BOWLING. Fee \$4.00.

Pn126 PROFESSIONAL SKILLS. Tennis and badminton. Fee \$4.00.
Majors only.

Pn205 INTERMEDIATE TENNIS. Fec \$2.00.

Pn206 INTERMEDIATE ARCHERY. Fee \$2.00.

Pn207 INTERMEDIATE GOLF. Fee \$6.00 for equipment and rounds.

Pn208 INTERMEDIATE RHYTHMS. Continuation of Pn108. For women.

Pn214 WATER SAFETY INSTRUCTOR'S COURSE. For description see Hpe214.

Pn226 PROFESSIONAL SKILLS IN FOLK, ROUND AND SQUARE RHYTHMS. Majors only.

Pn305 ADVANCED TENNIS. Fee \$2.00.

Pn307 ADVANCED GOLF. Fee \$8.00 for equipment and rounds.

Pn326 PROFESSIONAL SKILLS. Archery, riflery, track and field. Majors only.

Pn426 PROFESSIONAL SKILLS. Skish and swimming. Fee \$10.00. Majors only.

HISTORY

MATHEMATICS

EMMETT S. ASHCRAFT, *Associate Professor*

In addition to the requirements of the University and of the Division of Natural Sciences, a major must present thirty hours in mathematics.

Ms105 COLLEGE ALGEBRA AND PLANE TRIGONOMETRY (5). Review. Rectangular coordinates, functions and their graphs, systems of linear equations; determinants, exponents and radicals, quadratic equations, binomial theorem, logarithms. Functions of the general angle, law of sines and cosines, solutions of triangles. Prerequisite: One year of high school algebra.

Ms106 PLANE TRIGONOMETRY AND ANALYTIC GEOMETRY (5). Continuation in trigonometry and principles of analytic geometry, plane and solid. Prerequisite: Ms105.

Ms205 ELEMENTARY ASTRONOMY (3). Non-mathematical descriptive astronomy: sun, moon, planets, constellations; time; use of telescope. Not accepted toward major in Division of Natural Sciences.

Ms206 SPHERICAL TRIGONOMETRY AND CELESTIAL NAVIGATION (3). Use of sextant, Air Almanac, tables, and charts. Emphasis on aerial navigation. Prerequisite: Ms106 or permission.

Ms301, 302 ELEMENTARY CALCULUS (3, 3). Differentiation and integration; applications to geometry and physics. Prerequisite: Ms106 or permission.

Ms303 INTERMEDIATE CALCULUS (3). Multiple integration, partial differentiation, and series. Prerequisite: Ms302.

Ms305, 306 CALCULUS FOR ENGINEERS (5, 5). Differential and integral calculus with applications to engineering problems. Prerequisite: Permission.

Ms315 THEORY OF EQUATIONS (3). Methods of solution; matrices and determinants. Prerequisite: Ms301.

Ms316 DIFFERENTIAL EQUATIONS (3). Methods of solution; applications to geometry and natural sciences. Prerequisites: Ms301, 302 and preferably Ms 303, 315.

Ms325 COLLEGE GEOMETRY (3). Prerequisite: Permission.

Ms331 SYNTHETIC PROJECTIVE GEOMETRY (3). Introductory concepts; duality, perspectivities, projectivities, harmonic sets, theorems of Desargues, Pascal, Brianchon; poles and polars. Prerequisite: Ms106.

Ms341 SOLID ANALYTICAL GEOMETRY (3). Determinants, matrices, planes, lines, quadric surfaces, analysis of the general equation of the second degree. Prerequisite: Ms301 or permission.

Ms351, 352 ADVANCED CALCULUS (3, 3). Functions of real variables: partial differentiation, double and triple integrals; line, surface, and space integrals; series including Fourier series, implicit functions. Prerequisite: Ms303.

Ms403, 404 INTRODUCTION TO MODERN ALGEBRA (3, 3).

MILITARY SCIENCE AND TACTICS

WESLEY E. FARMER, *Lt. Colonel, U.S.A., Professor*

PAUL B. DURUZ, *Captain, U.S.A., WILFRED E. IRISH, JR.,
Captain, U.S.A., Assistant Professors*

My101-102-201-202 BASIC (4) First Year: Formal instruction and/or practical training in general military subjects applicable to the Army as a whole; history of the Army, its mission and organization; first aid; individual hygiene; map reading; individual weapons and marksmanship; small unit tactics and school of the soldier. Average three hours of class work per week. *Second Year:* Formal instruction and/or practical training in history of the Army, its mission and organization; light crew-served weapons, 60mm mortars and grenades; map and aerial photograph reading; communication; motor transportation and school of the soldier. Prerequisites: My101-102 or equivalent. Average three hours of class work per week.

My301-302-401-402 ADVANCED (8) First Year: Formal instruction and/or practical training in history of the Army, its mission and organization; estimate of the situation and combat orders; small unit tactics; unit hygiene and field sanitation; communications; field fortifications and camouflage; military intelligence; heavy crew-served weapons; gunnery; marksmanship; mine warfare; military teaching methods and exercise of command. Prerequisites: My201-202 or equivalent. Average five hours of class work per week. *Second Year:* Formal instruction and/or practical training in history of the Army, its mission and organization; the military team; organization and functions of the technical and administrative services; guerilla warfare; the uniform code of military justice; military administration; command and staff; supply and evacuation, and exercise of command. Prerequisites: My301-302. Average five hours of class work per week.

MODERN AND CLASSICAL LANGUAGES

DORIS K. ARJONA, HOWARD L. BATESON, BENSON W. DAVIS,
FRANCES C. THORNTON, *Professors*

Students who have had no modern language will begin with the first course. Admission to advanced courses is determined by the student's ability and training. Majors are offered in French and Spanish. In addition to the general University requirements twenty-four hours must be presented above the 100 level. In French, six hours in European history, six hours in advanced English, and six hours in speech are recommended; in Spanish, six hours in European, Latin American, or Florida history, six hours in advanced English and six hours in speech. A combination major in two modern foreign languages requires thirty-six hours above the 100 level in two languages, not less than twelve in either.

FRENCH

Fh101-102 ELEMENTARY FRENCH (3-3). Pronunciation, grammar, reading, oral expression.

Fh201 INTERMEDIATE CONVERSATION (3). Development of facility and practical vocabulary.

Fh202 INTERMEDIATE GRAMMAR AND READING (3). Grammar review, prose readings from modern authors, conversation.

Fh305 FRENCH SHORT STORY (3).

Fh309, 310 SURVEY OF FRENCH LITERATURE (3) (3).

Fh321, 322 SEVENTEENTH CENTURY FRENCH LITERATURE (3) (3). Classical drama; non-dramatic literature.

Fh325, 326 NINETEENTH CENTURY FRENCH LITERATURE (3) (3). Romanticism, realism, naturalism.

Fh329 CONTEMPORARY FRENCH THEATRE (3).

Fh401 ADVANCED GRAMMAR (3). Special problems in syntax, illustrative readings, composition.

Fh403 PHONETICS (2).

Fh404 FRENCH POETRY (2). Types of poetry, versification.

Fh405 STYLISTICS AND FREE COMPOSITION (3). Styles of contemporary French prose writers; practice in developing individual facility.

Fh408 MOLIERE (2).

Fh410 LITERATURE AND ARTS OF THE FRENCH RENAISSANCE (2).

Fh413 EIGHTEENTH CENTURY FRENCH THOUGHT (2).

Py495, 496 SEMINAR (3) (3).

PHYSICS

GEORGE L. JENKINS, Associate Professor

In addition to the general University requirements, a major must present thirty hours of physics and twenty hours of mathematics.

Ps101, 102 GENERAL PHYSICS (5, 5). Mechanics, heat, sound, electricity, magnetism, light; modern physics. Prerequisite or co-requisite: Ms105 or equivalent. Three hours lecture and four hours laboratory per week. Fee \$6.00 per semester.

Ps201, 202 INTERMEDIATE PHYSICS (3, 3). Detailed continuation of general physics. Prerequisites: Ps101, 102, Ms105, 106.

Ps301 ELECTRICITY AND MAGNETISM (3). Electrostatics, magnetostatics, direct currents, electromagnetic induction; transient and alternating current theory. Prerequisites: Ps101, 102, Ms301.

Ps302 ELECTRICITY AND MAGNETISM (3). A continuation of Ps301. One hour lecture and four hours laboratory per week. Fee \$6.00.

Ps321 MECHANICS, MOLECULAR PHYSICS AND HEAT (3). Selected topics; emphasis on the dynamics of particles and rigid bodies. Kinetic theory of gases and the laws of thermo-dynamics. Prerequisites: Ps101, 102, Ms301.

Ps322 MECHANICS, MOLECULAR PHYSICS AND HEAT (3). A continuation of Ps321 with laboratory. One hour lecture and four hours laboratory per week.

Ps327, 328 EXPERIMENTAL ELECTRONICS (3, 3). Vacuum tubes and vacuum tube circuits. Prerequisites: Ps101, 102, Ms105, 106. One hour lecture and four hours laboratory per week. Fee \$10.00 per semester.

Ps341, 342 ATOMIC AND NUCLEAR PHYSICS (3, 3). Electrical discharge through gases, atomic structure, quantum theory of radiation, natural radioactivity, artificial transmutation of nuclei, nuclear fission. Prerequisite: Ps101, 102.

Ps351, 352 ALTERNATING CURRENTS (3, 3). Theory and applications. Prerequisites: Ps101, 102, Ms301.

Ps385, 386 INDEPENDENT STUDY (3, 3).

POLITICAL SCIENCE

GILBERT L. LYCAN, *Professor*

ARTHUR F. GAMBER, *Associate Professor*

JOHN E. JOHNS, *Assistant Professor*

A major includes, in addition to the general University requirements, twenty-four hours in political science and six hours in each of two other social sciences; or eighteen hours in political science, twelve hours in a second social science, and nine hours in the remaining social sciences.

College of Law

THE College of Law, located temporarily on the Naval Air Station campus, is the oldest law school in Florida, its first catalogue having been published in 1900. The second annual announcement stated: ". . . It is sought not merely to familiarize the student with certain rules of law, but also to develop a legal mind and to train him in the art of legal reasoning." The College of Law is a member of the Association of American Law Schools, and is approved by the Council of Legal Education of the American Bar Association.

PURPOSE

The course of instruction is planned to fit the graduate for the successful practice of law in any state of the United States. The curriculum, the basis of which is furnished by Anglo-American common law, is planned to present underlying principles of law, together with their rules and history. An attempt is made to teach principles and develop the ability to apply them. In addition, an effort is made to emphasize the statutory and judicial modifications that have been made to the common law in Florida.

The Faculty emphasizes the active duties of the office and courtroom. At the same time effort is made to impress upon the students, both in the classroom and in private conferences, a high conception of the ethics and the citizenship responsibilities of the profession without which knowledge of the law may be detrimental both to the individual and to the state. Effort is further made to search for and to evaluate the philosophy that underlies the various principles of law. In procedural or adjective law a similar method is supplemented by careful instruction in pleading and practice through the drafting of legal papers and through a well-developed practice court that supplies practical training.

PRACTICE COURT

The course in Practice Court for third year law students is designed to reduce to reality the theory acquired in the various courses in substantive and adjective law. The course acquaints the student with the proper methods for solving problems propounded by practicing attorneys.

The course culminates in the trial of cases by students in accordance with Florida or federal procedure. The facts in the cases are assigned during the first semester. Students thereupon issue, serve, and return any process necessary, prepare the proper pleadings, and bring the cases to issue. After the students have prepared their trial briefs, including the law pertaining to testimony and evidence, the

cases are set for trial; these are held in a duly equipped court room. A practicing lawyer or a law professor sits as judge. Townspeople or upperclass students serve as jurors and an advanced stenographic student acts as court reporter. Every effort is made to achieve the atmosphere of an actual trial. Each student must participate in one case at law, one in equity, and one appellate case.

THE LAW LIBRARY

The library is a collection of approximately eighteen thousand volumes, enlarged constantly and kept up to date. It includes gifts from John B. Stetson, Jr., Justice William H. Ellis, members of the Florida Bar, the Supreme Court of Delaware, and other friends.

THE STETSON LAW STUDENTS ASSOCIATION

The Stetson Law Students Association is composed of students regularly enrolled in the College of Law. Its purposes are to maintain a closer relationship between the individual student and the administration; to promote the interests of the students individually and collectively; to provide a measure of self-government; and to develop a feeling of good will and understanding between the students and the faculty. Every student becomes a member upon matriculation.

LEGAL FRATERNITIES

PHI ALPHA DELTA, PHI DELTA PHI AND DELTA THETA PHI are national legal fraternities to encourage high scholarship, promote fellowship, and to foster the ideals of the profession.

LAW CLUBS

The Chapman and Thomas Law Clubs, open to all students in the College, are under the sponsorship of two distinguished alumni now Justices of the Supreme Court of Florida, The Honorable Roy H. Chapman and The Honorable Elwyn Thomas. These clubs train their members in oral expression and legal argumentation through practice and criticism.

PRE-LEGAL EDUCATION

The College of Law does not require applicants to follow a prescribed course of pre-legal education. However, preference will be given to applicants who have satisfactorily completed college courses in at least six of the following subject groups: social science (government, economics, sociology), philosophy and ethics, psychology and logic, English and American literature, English and American history, mathematics, laboratory science (biology, chemistry, physics), ancient or modern foreign languages, accounting.

ADMISSIONS

Applicants must file separate forms with the Dean of the College of Law in addition to those required by the University, for admission by transfer, as stated on p. 22. Exception: *Transcripts must be in duplicate.*

A selection from those fulfilling academic requirements will be made by the Faculty of the College of Law. Evidence of ability and character will be considered in determining probable fitness for the law.

The College selects its students, both men and women, from the following:

1. Applicants who hold baccalaureate degrees from accredited colleges and universities.
2. Applicants who have completed satisfactorily three-fourths of a four-year course of study acceptable for a baccalaureate degree at an accredited college or university. No course in law and no non-theory courses in military science, hygiene, domestic arts, physical education or vocal or instrumental music may be included.

Each applicant for admission is expected to take the Law School Admission Test administered by the Educational Testing Service. Applicants who are not in DeLand should write to Educational Testing Service, P.O. Box 592, Princeton, New Jersey, for an application form for this test and a bulletin giving information about its administration. Applicants in DeLand may secure all necessary information and application forms from the Office of the Dean of the Law School.

ADVANCED STANDING

An applicant with a satisfactory average may be admitted to advanced standing, not to exceed two years, by transfer from another accredited Law school provided that he furnishes an official statement that he is in good standing as to conduct and scholarship and eligible to return. Only those courses graded C or better may be transferred.

SPECIAL STUDENTS

A limited number of persons not less than twenty-three years of age who cannot satisfy the entrance requirements for candidates for the law degree, but who give evidence that their experience and training has equipped them to engage successfully in the study of law, despite the lack of required college credits, may, by vote of the Faculty, be admitted as special students. The number of special students admitted will not exceed the number permitted by the American Bar Association and the Association of American Law

Schools. Special students must matriculate in the regular manner and are subject to the same rules and regulations as other students. The degree of Bachelor of Laws may, by vote of the faculty, be conferred on Special Students who have completed all of the requirements for a degree except as to the pre-legal education.

In addition to the application filed with the Registrar, a special student is required to make application to the Dean of the College of Law and the Registrar of the University on special forms to be filed not later than six weeks prior to entrance. Such an applicant may be required also to take an examination in English, American and English history, and civil government.

EXPENSES

For expenses in the College of Law see pp. 27-29. For information concerning housing see p. 29.

ACADEMIC CREDITS, CLASS LOAD, ATTENDANCE

The unit of credit is the semester hour. The normal load is fourteen hours. Permission of the Dean of the College must be obtained to register for less than twelve or more than sixteen hours.

Attendance at classes and other exercises is expected. The privilege of taking examinations, and good standing in the College, may be endangered by excessive absence. A student who is absent more than the number of times a class meets per week may be excluded from the examination. Absence in excess of twenty per cent of the total class hours in a course will automatically exclude the student from the examination and cancel his credit.

EXAMINATIONS, GRADES, QUALITY POINTS

Examinations are given in all courses at the end of each semester. No special examinations are permitted. A student who for cause misses an examination may take the next regular examination in that course. A student failing a course must repeat the course in order to take the examination.

Grading in the College of Law follows the University pattern stated on pp. 24-25.

ACADEMIC PROBATION AND SUSPENSION

The College of Law requires a cumulative C average for entrance into the third year. A student failing to maintain a C average will be placed on probation and will be eligible to be dropped after one semester unless he removes the probation. A first year student may be dropped if he fails to earn a .8 quality point ratio, or if he fails half his work the second semester; he will be placed on probation if he fails to earn a 1.0 ratio. Any student failing two-thirds of his

work in any semester may be dropped. Students who have been dropped may petition the Faculty of the College of Law for readmission.

Students who fail to meet the quality point requirement for the degree upon the completion of the requisite number of semester hours may be continued in the College of Law only by special permission of the Faculty.

DEGREE

The degree Bachelor of Laws (LL.B.) is conferred upon students who meet the prescribed academic requirements and are approved by the Faculty. The College of Law reserves the right to refuse a degree whenever it appears that the character or conduct of a student will prevent his acceptable representation of the College or compromise the legal profession.

A minimum of eighty-four semester hours and eighty-four quality points must be presented for the degree; all work undertaken must be included. Three academic years of residence (at least ninety weeks—six semesters) are required; the last year (two semesters) must be at Stetson. Courses taken in other colleges of law or in other Schools of the University may be counted toward the degree only with advance permission of the Dean. Graduation honors earned in the College of Law are as described on p. 25 for other University degrees.

COMBINATION COURSE

A student who has a year of residence in the Stetson College of Liberal Arts or in the Stetson School of Business and who has met the requirements of a department, division, or School, may, upon the successful completion of his law course, receive the degree Bachelor of Arts or Bachelor of Science together with the degree Bachelor of Laws. Thus, a student may receive both the academic and the law degrees in six years.

PRIIZES

ACADEMIC EXCELLENCE AWARDS. The student earning the highest academic standing in each of the first and second-year classes will be awarded a full tuition scholarship for his succeeding year.

NATHAN BURKAN MEMORIAL COMPETITION AWARD. The American Society of Composers, Authors, and Publishers, in memory of Nathan Burkan, offers a first prize of one hundred and fifty dollars and a second prize of fifty dollars to the senior law students of the June graduating class who prepare the best papers on a phase of copyright law.

PHI ALPHA DELTA SCHOLARSHIP AWARD. The Phi Alpha Delta legal fraternity awards a prize to the graduating member of the fra-

ternity who has maintained the highest scholastic average during the period of his enrollment in the College of Law. Phi Alpha Delta Scholastic Plaque in honor of Dr. Leonard J. Curtis will be awarded to the Senior with the highest scholastic average for five semesters of College of Law work.

PHI DELTA PHI SCHOLARSHIP AWARD. The international legal fraternity of Phi Delta Phi, Cardozo Inn, offers a cash award to the first-year student in the College of Law earning the highest scholastic average during the freshman year.

Several prizes consisting of books and subscriptions to legal periodicals are offered for scholastic excellence. Information is available at the Dean's Office.

HONOR SYSTEM

Stetson University professes and fosters Christian ideals in conduct. The students of the College of Law have therefore adopted an Honor System as an integral part of their student government. Its essence is that every student is accepted as a person of honesty and thoughtfulness, and that each student has an individual responsibility for self-discipline, self-respect and the building of a deep appreciation for professional ethics. After having enrolled, the student is bound by the provisions of the Honor Code.

Examinations are conducted without surveillance. Each student signs a pledge that he has neither given nor received aid in his examinations. No paper is graded unless the pledge is signed or its absence explained. Failure to report infractions is a breach of the Honor Code. Although the most conspicuous application of the Honor System is in relation to examinations, it has equal application and force in everyday life. The student is expected to maintain the high standard of ethics and character demanded of the legal profession.

An Honor Court performs the administrative duties of the Honor System. The court is composed of a chief justice and six associate justices who are elected, two from each lower class. The senior class has three representatives, one of whom is chief justice.

A violator of the Code is duly apprised of his infraction and a trial held. A student has the right to be heard and to be represented by counsel. Findings of the court are subject to review by the College of Law.

STUDENT CONDUCT

Students of the College of Law are subject to the general disciplinary regulations of the University (see p. 33) as well as special regulations of the Faculty of the College of Law. The Faculty reserves the right to drop a student or to refuse the degree for neglect of study, incapacity for the law, or for conduct or character not in

keeping with the standards of Stetson University and the legal profession.

The University and the College of Law reserve the right to alter admission and readmission requirements, fees, and the number of hours required for a degree, as well as course offerings.

School of Music

THE Stetson School of Music is a member of the National Association of Schools of Music. The School prepares students for the music professions, including the teaching of music in the public schools and the directing of church music. It also offers a variety of courses for the non-professional. There is a preparatory department for children and for students whose previous training has been insufficient.

The School of Music is housed in DeLand Hall and Annex with separate facilities for the bands and the orchestra in the Band Hall. WJBS, the University-owned radio station, affords opportunities for broadcasting experience. A specialized music library supplements the music literature collections of the University Library.

RECITALS AND CONCERTS

Experience in public performance is provided by recitals, oratorios, light operas, and the band, orchestra, and glee club concerts. Music majors are required to attend recitals.

ARTIST PROGRAMS

Many opportunities to hear individual artists, ensembles, and orchestras are furnished by Faculty recitals and the Civic Music Associations of DeLand and nearby cities.

CONCERT BUREAU

The Faculty of the School of Music are available for concert performance. Inquiries should be addressed to the Dean of the School.

SCHOLARSHIPS AND STUDENT AID

Students in the School of Music are eligible to apply for the scholarships described on pp. 30-32. Grants-in-aid are available to qualified students who have had experience in music organizations; applications should be sent to the Dean of the School of Music. A limited number of music students are employed in the School of Music as stenographers, accompanists, and library assistants.

PREPARATORY DEPARTMENT

The School of Music maintains a Preparatory Department for the benefit of children and young persons within the radius of DeLand. Its two-fold purpose is to offer the best musical training to children, and to provide observation of methods of class and indi-

vidual teaching methods for college students. Both class and private lessons are given, in piano, organ, band and orchestral instruments, and voice.

ADMISSIONS, ACADEMIC REGULATIONS, DEGREE REQUIREMENTS

For admissions and expenses see the general University requirements on pp. 21, 27. Other academic and social regulations are the same as outlined for the University on pp. 21-33. Information concerning fees for private lessons is available from the Dean of the School.

The degree Bachelor of Music is conferred upon those students who have completed the prescribed academic program and have been approved by the Faculty. The School of Music reserves the right to withhold the degree when it appears that the character or conduct of a student will prevent his acceptable representation of the University. A degree candidate must satisfy the University requirements stated on pp. 26-27 of this catalog and must complete the courses prescribed for his particular major. All majors include the following: twenty-four semester hours of liberal arts courses, fourteen hours of theory, three or four hours of ensemble, one course in music history or music literature, and four years study of one medium of applied music. A candidate must also show skill sufficient to pass the examination given at the end of two years of secondary piano. All candidates are required to participate in general student recitals and in senior recitals. An applied music major must present a complete senior recital of not less than fifty minutes duration. For the additional requirements of each major see pp. 89-102 below.

A student may receive the Bachelor of Arts degree with a major in music. In most cases he will complete at least fourteen semester hours in a single field of applied music. Detailed information may be obtained from the Dean of the School.

THE MAJOR

Majors are offered in Music Education, Organ, Piano, Sacred Music, Theory, Viola, Violin, Violoncello, Voice and Wind Instruments. Each major fulfills the requirements of the National Association of Schools of Music; the Music Education major satisfies teacher certification requirements for the state of Florida. The general University requirements for the Baccalaureate Degree, stated on pp. 26-27, apply to all Music majors except that certain general education courses are waived. Detailed information is available at the office of the Dean. *The requirements for entrance into the various majors should be studied carefully.* The following groupings of courses do not comprise majors. *The student must plan his course of study with his appointed adviser.*

Courses of Instruction

EXPLANATION OF COURSE NUMBERING

COURSES numbered 100-299 are lower division courses, 301-499 upper division. Courses numbered 1-50 in each series are applied music: 1-10, piano; 11-20, voice; 21-30, strings; 31-40, organ; 41-50, winds and percussion. Those numbered 51-70 are music education; 71-99, musicianship (history, theory, workshop, etc.).

1. A course symbol and number without a letter indicate work toward the Bachelor of Music degree with an instrument or voice as a major, e.g., Mc101, 102 PIANO, the freshman course in piano for the Bachelor of Music degree with a major in piano.

2. A course number and symbol followed by the letter *a* signify the teacher's course, e.g., Mc321a, 322a (VIOLIN), the major course in violin for the Bachelor of Music degree for those planning to teach violin.

3. A course number and symbol followed by the letter *b* signify the course for music education majors with an instrument or voice as the major performing medium, e.g., Mc141b, 142b (FLUTE), the freshman course for a student planning to teach in the public schools with the flute as his major instrument.

4. A course number and symbol followed by the letter *c* signify work toward the Bachelor of Music degree or the Bachelor of Arts degree with an instrument or voice as a secondary performing medium, e.g., Mc231c, 232c ORGAN, the sophomore course in organ toward the Bachelor of Music degree with the organ as the secondary performing medium.

5. A course number and symbol followed by the letter *d* signify work toward the Bachelor of Arts degree with an instrument or voice as the major performing medium, e.g., Mc411d, 412d VOICE, the senior course in voice leading to the Bachelor of Arts degree with voice as the major performing medium.

6. A course number and symbol followed by the letter *e* signify work toward a degree with an instrument or voice as an elective course. Each course is outlined to suit the student's needs; no standard description of a course is possible. Such a number will not appear in the descriptions that follow, but will be used in the student's records to denote this classification. One class or private lesson per week is given and one and one-half semester hours of credit per semester, e.g., Mc401e, 402e PIANO is the senior elective course in piano.

7. A course number and symbol followed by the letter *f* signify a sightreading or sightsinging class, e.g., Mc311f, 312f VOICE is the course in sightsinging with voice as the performing medium.

8. A course number and symbol followed by the letter *g* signify small ensemble work in an instrument or in voice, according to the course number, e.g., Mc221g, 222g is the sophomore course in small ensemble for strings.

9. A course number and symbol followed by the letter *h* signify work in recital presentation and repertoire, e.g., Mc101h, 102h PIANO, the freshman course in recital performance and repertoire.

PIANO

ENTRANCE AND GRADUATION REQUIREMENTS FOR THE MAJOR

An entrant must present evidence reasonably justifying the expectation that he will satisfactorily complete the four-year degree course. He should have acquired systematic methods of practice and be able to play all major and minor scales and arpeggios correctly in moderately rapid tempo. He should have studied works corresponding in difficulty to Czerny, Op. 299; Haydn, Sonatas No. 11 and No. 20 (Schirmer); Mozart, Sonatas K545 and K332; Beethoven, Variations on Nel cor più; etc. For the general University and School of Music entrance requirements see pages 21-22 and 87.

While satisfying general University and School of Music requirements for graduation as outlined on pp. 26-27 and 87, a piano major must complete twelve additional semester hours of music theory, six semester hours of minor applied music, and twelve hours of other subjects. During his four years of study a piano major will practice not less than three hours a day.

SACRED MUSIC

ENTRANCE AND GRADUATION REQUIREMENTS FOR THE MAJOR

Students who so desire may, with the approval of the Department of Music, in cooperation with the Department of Religion, pursue the professional curriculum for the degree Bachelor of Music with a major in Sacred Music (organ or voice to be the applied music concentration). This training will prepare the student to be a minister of music.

Majors in religion who may wish to make music part of their work in the church, but not their principal activity, may, with the consent of the Department of Religion, minor in Sacred Music.

Since there are minor schedule differences in the organ and the voice curriculum the student is urged to confer with his major applied instrument professor to verify his four year program. In addition to the admissions and the degree requirements found on pp. 26-

27 and 87 of the catalog, complete details of each course outline may be obtained from the Dean of the School.

Other courses in advanced theory, sight singing, oratorio, opera workshop, song literature and supervised field work are arranged to fit the need of the individual student.

All candidates for the degree must present an acceptable senior recital. The voice majors must demonstrate their ability in the field of sacred song literature and the organ majors giving evidence of ability in the sacred music organ literature.

Mc181 HYMNOLOGY (3). Composers and hymns from the beginnings of the Christian Church.

Mc182 SURVEY OF CHURCH MUSIC (2). Choral literature, interpretation, conducting technics, methods. A practical course.

Mc184 CHOIR DIRECTING (2). Organization, rehearsal technics, repertoire.

Mc491, 492 HISTORICAL SURVEY OF CHURCH MUSIC (2, 2). Analysis, listening, performing, reading.

Mc495, 496 SUPERVISED FIELD WORK AND SEMINAR (2, 2). Direction of church music under faculty guidance; analysis and discussion of problems.

School of Business

THE School of Business was established in 1940. It is housed in its own building on the main campus.

PURPOSE

The college graduate entering business without special preparation suffers a handicap; similarly one who confines his study to business is handicapped. The program of the School of Business, therefore, is a combination of academic and business subjects. The Faculty endeavor to cultivate in students those qualities of mind and character that will make useful citizens with high ideals of business morality and social responsibility. Students are encouraged to acquire a clear understanding of modern industrial society and of their places in it.

ADMISSIONS

See general University requirements on pp. 21-22. Students enrolled in other Colleges of the University are permitted to take courses in the School as electives. Students in the School of Business may elect courses in the three other Colleges of the University.

COOPERATIVE PLAN

A cooperative plan of study is offered in the School of Business. The plan operates by alternating study and industrial experience, and offers the student practical work in business. Students fulfilling academic and job training requirements may normally earn the degree Bachelor of Science in Business Administration in five and one-half years. The curriculum for the cooperative course is identical with that offered for the regular four year course as described below. Further information concerning the cooperative plan is given on page 17.

DEGREE REQUIREMENTS

The degree Bachelor of Science in Business Administration is conferred upon those students who complete the prescribed academic program and who have been approved by the Faculty. The School reserves the right to refuse a degree when it appears that the character or conduct of the student will prevent his acceptable representation of the University. All students for the degree must complete a core curriculum of approximately sixty-two semester hours. The purpose of these courses is to lay a broad foundation of cultural work so that the student will have some knowledge of history, government,

science and literature as a background to his specialized work. The remainder of his work is taken in a field of concentration chosen by the student and designed to make him proficient in some field of business activity. Forty per cent of the student's work must be taken in the College of Liberal Arts.

COMBINATION DEGREE

A student who has, in three years, completed the core curriculum required of all students majoring in business administration, and has completed the courses required in the General Business concentration, minus noted exceptions (see page 106) may take the first year in the College of Law for his senior year. Upon completion of the requirements of the College of Law, he will receive not only the degree Bachelor of Laws but the degree Bachelor of Science (Business); thus he may receive both degrees in six years. An average grade of C is required in each college.

CORE CURRICULUM

Following are given in detail the courses required of all students enrolled in the School of Business and working toward the degree Bachelor of Science (Business):

COMBINATION BUSINESS-LAW DEGREE

STUDENTS electing to take the combination degree described above (see page 105) should complete the courses in the General Business concentration, omitting the following courses: Bn407, Bn408, Bn313, Bn315, Bn316, Electives.

*Students taking both Bn331 and Bn332 are excused from the intern requirement of the State of Florida prior to taking the State Insurance License Examination.

FINANCE AND BANKING

THE finance and banking group covers the essential subjects in banking, credit, money, corporation finance, governmental finance, the securities market and investment theory. The fundamental changes of worldwide importance that have occurred in our thinking and practice with respect to monetary standards, central bank policies, and banking laws are handled in detail in the work of this department.

MARKETING

CONCENTRATED study of marketing trains students for positions in sales organizations, in market research, and in fields related to distribution. Emphasis is placed upon the importance of marketing costs as compared with those of production. Our system of large scale production, based upon regional specialization has brought about many complex marketing situations. This concentration attempts to provide understanding of these problems and to bring about reduction in selling costs.

The United Stetson Alumni

The United Stetson Alumni is an organization of former Stetson students who are making annual gifts to the University. It is the alumni fund-raising unit in the University's development program. All former students of Stetson automatically become members of the Stetson Alumni Association, the alumni social organization. Only alumni who are contributing to the University's support are members of the United Stetson Alumni.
